How Much To Charge For Computer Services:

How to start and run your own computer repair business Joe A. Wisinski, 2007-11-01 Want to be in business for yourself A computer repair service may be perfect for you But how do you start and run a computer service business First read this book written by a computer technician with more than nine years experience working for himself I started my business from scratch and built it up to a viable full time enterprise and I will show you how to do the same This book is full of practical hints for running a computer repair and service business For example you ll learn how to handle clients who call you wanting a quick answer on the phone or what to do when someone cancels an appointment at the last minute You ll also learn What you need to get started Where and how to advertise for the best results How to decide what to charge How to keep clients even difficult ones happy How to talk to clients on the phone and at their home or business What records you must keep and how to keep them And much more

Technical Writing Phillip A. Laplante, 2011-07-28 Engineers and scientists of all types are often required to write reports summaries manuals guides and so forth While these individuals certainly have had some sort of English or writing course it is less likely that they have had any instruction in the special requirements of technical writing Filling this void Technical Writing A Practical Guide for Engineers and Scientists enables readers to write edit and publish materials of a technical nature including books articles reports and electronic media Written by a renowned engineer and widely published technical author this guide complements the traditional writer s reference manuals and other books on technical writing It helps readers understand the practical considerations in writing technical content Drawing on his own work the author presents many first hand examples of writing editing and publishing technical materials These examples illustrate how a publication originated as well as various challenges and solutions
