Cracked Up David Hall,2016-09-14 Growing up under the greatest generation I was taught with hard work comes success Through life s journeys there will be moments of brief failures During these times it is about faith hope and the will to never give up I left a career as a police officer to become a chiropractor The dream was to build a practice that would help change people s lives through chiropractic performance I worked hard and was becoming successful but through bad business decisions and uncontrollable circumstances it all crashed The dream was shattered Suddenly I was a total failure I was about to crack up The business and my world were surrounded with drugs sex and alcohol There would be depression anxiety fatigue thoughts of suicide and finally bankruptcy There were no cookbooks or self help guides to get through the broken dream Strength would come from family great friends exercise and never giving up on the dream Failure will test confidence will and your faith Hope will keep you alive during the battle Throughout my life I had more success than failures The past will help with your future It allowed me to write my own cookbook to overcome my struggle with the moment of failure Failure is not the end of the dream It can be the beginning of a new dream Don t crack up and remember Life is always good David R Hall
