Early Childhood and Primary Education: Readings and Reflections Jane Johnston,John Halocha,2010-09-16

This book explores the historical and philosophical ideas underpinning practice in early childhood and primary education. It pulls together key extracts from influential sources and provides helpful editorial commentary explaining the importance of each article to provide an essential reader in early childhood and primary education. It enables easy access to key theoretical ideas and seminal texts to provide a firm understanding of such ideas as well as placing current issues within an historical and theoretical context. Reflective tasks provide opportunities for the reader to stand back from current practice and beliefs to review their own philosophy of education. These tasks together with the editorial commentary help develop the necessary understandings and insights to engage in critical debate on current issues in professional practice. Although early years and primary education are often seen as separate stages of development, children are expected to progress from one stage to another in a seamless way and the historical and philosophical ideas influencing practice at the different stages are often the same or similar. The book supports education professionals to understand and reflect on children's experiences across a range of stages. This is an ideal book for students on Early Childhood Studies, Early Years and Primary Education courses as well as professionals working with children from birth to 11 years of age.

Primary Huh: Curriculum conversations with subject leaders in primary schools John Tomsett,Mary Myatt,2022-04-25 There s plenty to do when planning the curriculum in primary schools If it feels daunting then one of the most helpful things is to talk to other people about how they have developed the curriculum for their particular subject or key stage This is what John Tomsett and Mary Myatt have done After the secondary Huh Curriculum conversations between subject and senior leaders was published they were flooded with requests to produce a primary version They enlisted the help of renowned primary specialists Rachel Higginson Lekha Sharma and Emma Turner to have conversations with primary teachers and key stage co ordinators who are doing great curriculum development work Each chapter provides insights into the importance of individual subjects and the unique contribution each makes to pupils cognitive and personal development The subject chapters discuss the steps colleagues take to ensure that there is a coherent thread across the year groups as the discrete subjects deliver collectively the primary curriculum These conversations show how the craft of creating a rich challenging curriculum for every subject is not a quick fix This is a nuanced piece of work and

there are many ways of approaching it Each chapter also contains links to subject associations and helpful resources Primary Huh has been written for subject leaders and key stage co ordinators it has also been written for senior leaders as they prepare to have supportive conversations with their colleagues who are responsible for curriculum development Primary Huh is offered as a prompt rather than the last word Informed debate is as they say the fuel of curriculum development And why have John and Mary called it Huh Well John discovered that Huh is the Egyptian god of endlessness creativity fertility and regeneration and they thought that was a pretty good metaphor for their work on the curriculum
