Ethiopian History S In Amharic:

Ethiopia in Transit Pietro Toggia, Abebe Zegeye, 2013-10-18 The writings in this edition explore historical and contemporary issues in Ethiopia as the country underwent change and celebrated its new millennium. However, despite the recognizance of socio economic and political changes, Ethiopia still faces enduring problems and challenges to its stability and continuity. The political past haunts the country while it is facing the future with optimism and hope. The contributors in this edition examine historical and contemporaneous issues with different lenses; they investigate the multiplicity and complexity of the contradictions that define traditional and modern Ethiopia. The contributions highlight the significance of the instability, dislocation, conflict, and transformation inherent in any society. None of these writings, however, celebrate the forces that create the conflict; they are cautious not to glorify the present and romanticize the past. On the contrary, they seek to contextualize the challenges which the country faces with a view to open a dialogue not exclusively among Ethiopians but with scholars and social activists in the rest of Africa as well as the international community. The contributions cover and examine such important topics as historiography, political power and legitimacy, ideology and radical views, knowledge transmission and modernity, emigration and the Ethiopian Diaspora, ethnic and linguistic identity, patriarchy and feminist discourses in a traditional society, public policies and economic development, traditional and modern art and culture, and neo liberalism and globalization. This book was published as a special issue of *African Identities*. *A History of Modern Ethiopia, 1855-1991* Bahru Zewde, 2002-03-17 Bounded by Sudan to the west and north, Kenya to the south, Somalia to the southeast and Eritrea and Djibouti to the northeast, Ethiopia is a pivotal country in the geopolitics of the region. Yet it is important to understand this ancient and often splintered country in its own right. In *A History of Modern Ethiopia*, Bahru Zewde, one of Ethiopia's leading historians, provides a compact and comprehensive history of his country, particularly the last two centuries. Of importance to historians, political scientists, journalists, and Africanists alike, Bahru's *A History of Modern Ethiopia* now, with additional material taking it up to the last decade, will be the preeminent overview of present-day Ethiopia. *The Traditional Teaching of the Ethiopian Orthodox Tāwahedo Church* Christine Chaillot, 2023 Christine Chaillot's new book, *The Traditional Teaching of the Ethiopian Orthodox Tāwahedo Church: Faith and Spirituality*, presents a topic that is little if at all known outside Ethiopia, even in Christian circles. Moreover, it is a much neglected field in the wider study of African education. It is a teaching based on ancient texts and books taught orally to the students who will become the future clergy and who will then share their knowledge with the faithful in Church life. The studies of the different disciplines are pursued at different schools and at different levels in liturgy, theology, with commentaries of books of the Old and New Testaments, books of the Church fathers and monks, as well as composition of poems, genes, and iconography. All this teaching presented in the present volume is deeply related to the faith and spirituality of the Ethiopian Orthodox Church. This teaching is a unique intangible cultural heritage. One wonders, however, what its future will be in the context of the modern educational methods and social attitudes.
