How to Use This Manual

Many people read the owner manual from beginning to end when they first receive their new vehicle. If this is done, it can help you learn about the features and controls for the vehicle. Pictures and words work together in the owner manual to explain things.

Index

A good place to quickly locate information about the vehicle is the index in the back of the manual. It is an alphabetical list of what is in the manual and the page number where it can be found.

Why GM Matters William Holstein,2010-09-05 In November GM CEO Rick Wagoner appeared before Congress to ask for 25 billion to bail out the struggling Big Three automakers To critics like Thomas Freidman and Mitt Romney it was a sign that the American auto industry should be led out to pasture if the Japanese are better at making cars they said then we should let them do it To defenders the loss of the country s largest manufacturing sector would be an incomprehensible disaster Nearly every day the debate rages on the op ed pages Billions of dollars and millions of jobs hang in the balance In *Why GM Matters* William Holstein goes deep inside GM to show what s really happening at the country s most iconic corporation Where critics say that GM has sat on its hands while the market changed Holstein demonstrates that GM has already radically retooled its entire operation from manufacturing and cost structure to design Where pundits say we d be better off without GM he shows how inextricably linked GM and the nation s economy still are The country s largest private buyer of IT the world s largest buyer of steel the holder of pensions for 780 000 Americans GM accounts for a full 1 percent of our country s GDP A dollar spent on GM has profoundly different consequences from a dollar spent on Toyota Following a diverse cast of characters from Rick Wagoner the controversial CEO to design director Bob Boniface to Linda Flowers a team leader on the line in Kansas City Holstein examines the state of GM s health and builds a persuasive argument that GM is essential to our nation s well being and with the right economic climate ready to compete with Toyota as one of the biggest global automakers
