Burden of Proof: Using Known Concepts to Reveal Eternal Truths Brandon Russell, 2015-11-28 Where is the proof Why believe in something if there is no evidence Also why believe in something when there is evidence that runs contrary to a particular belief This is basic logic and a reason why most deny a deity Most who deny a deity argue there is no evidence Also they point to scientific evidence to validate their skepticism However what if there is evidence and evidence that is overwhelming Those who deny a deity have every right to demand evidence Yet what will they do when they are
