Goddess In The Middle Forgotten Goddesses 3:

Goddess Lost Rachel S. McCoppin, 2023-02-13 Drawing upon historical archaeological and mythical examples from around the world this book reveals how societal views of female empowerment and authority can be directly traced to the reverence once directed towards female warriors priestesses healers queens pharaohs and goddesses Communities which revered women as sacred idols of their belief systems were far more likely to place women in prominent positions of social or political influence since their members were quite used to envisioning power in the hands of a strong or divine woman The book also explores how goddesses were purposefully devalued during the rise of patriarchal civilizations thus restricting the social importance of earthly women and their accompanying rights One such instance can be found in Greek mythology s Gaia once revered as a dominant earth mother she was replaced by a division of less powerful figures with more socially acceptable feminine roles such as Aphrodite the goddess of love typically held up as an object of male lust Hera the goddess of marriage and childbirth often portrayed as obsessed with jealousy over the extramarital exploits of her husband and the mostly silent goddess of the hearth Hestia The devaluing of once revered goddesses appeared in quite distinct ways across different cultures thus this book breaks down its chapters by global region including Europe the Middle East the Mediterranean India Asia Africa the Americas and Oceania

Allen, 2015-03-05 This book investigates the issue of the singularity versus the multiplicity of ancient Near Eastern deities who are known by a common first name but differentiated by their last names or geographic epithets It focuses primarily on the I tar divine names in Mesopotamia Baal names in the Levant and Yahweh names in Israel and it is structured around four key questions How did the ancients define what it meant to be a god or more pragmatically what kind of treatment did a personality or object need to receive in order to be considered a god by the ancients Upon what bases and according to which texts do modern scholars determine when a personality or object is a god in an ancient culture In what ways are deities with both first and last names treated the same and differently from deities with only first names Under what circumstances are deities with common first names and different last names recognizable as distinct independent deities and under what circumstances are they merely local manifestations of an overarching deity The conclusions drawn about the singularity of local manifestations versus the multiplicity of independent deities are specific to each individual first name examined in accordance with the data and texts available for each divine first name **Epic Mythology** Edward Washburn Hopkins, 1915 Epic Mythology E. Washburn Hopkins, 1984-01-01 This volume strikes a new note in the study of Indian epics the Ramayana and the Mahabharata In it for the first time mythology is dissociated from the running threads of both the epic texts The mythology of the two epics of India represents in general the belief of the people of Northern India along the lower Ganges within a few centuries of the Christian era For the Mahabharata the time from 300 B C to 400 A D The Mahabharata as a whole is later than the Ramayana which is metrically more advanced and the work of one author The rougher epic form of the Mahabharata represents a life less rude than depicted in the Ramayana and work of many hands and of different times Epic mythology is however fairly consistent There is no great discrepancy between the character of any one god in the Mahabharata and that of the same god in Ramayana Nor is the character of gods very different in different parts of the Mahabharata save for the sectarian tendency to invert the positions of the three highest gods in favour of the sect **Grundriss der indo-arischen philologie und altertumskunde** , 1915 Servant of Mut Sue D'Auria, 2008 Richard A Fazzini has inspired and mentored many scholars of Egyptology through his tireless efforts as curator and then chairman of the Brooklyn Museum s Department of Egyptian Classical and Ancient Middle Eastern Art ECAMEA field archaeologist of the Pricinct of Mut at Karnak scholar and teacher The 35 contributions to this volume in his honor represent
