J S Malcom,2020-01-23 I used to think I couldn t possibly be a demigoddess Then again I didn t used to have glowing magical tattoos So far I ve claimed two of the Morr gna talismans and been branded with two new magical runes in return There s no doubt that my powers are growing stronger as well as merging with Cassie s and Autumn s Still while we ve won a few battles the dark goddesses sure seem to be winning the war The only thing left to do at this point is to evacuate what s left of the witch community to secure locations The problem being that those locations

seem a whole lot less secure when the dark goddesses attack one take hostages and deliver an ultimatum Namely that I either turn myself in or those hostages start dying So when our necromancer friend announces that he may know where to find the third talisman that should come as good news Especially since his plan also seems to make perfect sense Except it s by far the riskiest plan we ve hatched yet And that s definitely saying something considering we ve faced demons vampires a wendigo a fae sea monster and fae zombies But we either find that third talisman and summon the Triple Goddess or the dark goddesses open the floodgate between our realm and theirs Once they do my dreams of going back to a normal life will be over So will be my life for that matter But hey at least I ll have the rest of the human race for company Why don t I find that comforting Oh I know Because we ll all be dead
