resource for scholars and any readers interested in the literature of this prominent Native American tribal group For both the language it preserves and the stories it tells Tonkawa Texts is an invaluable repository of Tonkawa culture Cyclopaedia of Biblical Literature John Kitto,1864 **A Cyclopædia of Biblical Literature** John Kitto,2024-03-13 Reprint of the original first published in 1876 *Religion, Mysticism and Modern Arabic Literature* Reuven Snir,2006 One of the significant phenomena in modern Arabic literature since the 1960s has been the use of mystical concepts figures and motifs for the expression of contemporary experiences philosophies and ideologies The book investigates this phenomenon mainly with regard to the creative poetic process and the use of literary masks It also deals with the complicated relationship between Arabic literature and Islam as well as with the literary activities by religious traditional circles In a welter of publications committed Muslim authors try to prove that there is no inherent contradiction between art and Islam and at the same time to lay the theoretical foundations for an Islamist poetics encompassing the various branches of literary production Within the secular canonical circles however these activities and texts are considered extremely marginal and none of the authors concerned has gained any canonical status The growing number of cases in which attempts at censorship on religious and moral grounds have been challenged prove also that Arabic literature has become more and more secular **Medieval Arthurian Literature** Norris Lacy,2014-10-17 The focus of this book is medieval vernacular literature in Western Europe Chapters are written by experts in the area and present the current scholarship at the time this book was originally published in 1996 Each chapter has a bibliography of important works in that area as well This is a thorough and reliable guide to trends in research on medieval Arthuriana **The Spirit of American Liberal Theology** Gary Dorrien,2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien s three volume trilogy The Making of American Liberal Theology Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author s post Hegelian liberal liberationist perspective Journals ... lengthy education and given me grandchildren An unflinching and feminist portrait of one woman's obsession with her belly and the cultural and social norms that feed that obsession for readers of Nora Ephron's classic memoir *I Feel Bad About My Neck* Hilde Ostby says she's never entered a room without thinking about her belly She can't stand it So she decided to really examine why she spent most of her adult life hating how she looked NPR Weekend Edition Hilde Ostby is an acclaimed cultural critic and successful writer living in Norway At the start of *My Belly* she is on tour in London promoting her latest book about the culture and science of memory As she poses for a photograph for the London Times she silently worries about how her belly will look on the front page of the Arts section Later she realizes how ridiculous this is she's being celebrated for an intellectual achievement and yet all she can focus on is her belly How did a girl from an academic home where intellect came before looks find herself in this position As Hilde approaches her 45th birthday she calculates that she's spent 30 years obsessing over her belly If she had spent that time writing books instead she would have written the equivalent of Knausgaard's *My Struggle* All six volumes How can we stop obsessing over our bodies and claim back our time We can start by understanding who and what led us to this place In *My Belly* Hilde explores the original reason she began hating her body at fifteen she was sexually abused She also examines patriarchal attitudes towards women's bodies and delves into diets revealing that by the time most women reach her age they have tried 61 diets Drawing on philosophy neurology sociology literature and popular culture as well as her own dark truths Hilde offers an honest look at an obsession that seems to have plagued women for centuries Readers will come away with laughter anger tears and a new perspective on their own unique struggles
