**When Music Mattered** James Wierzbicki, 2022-04-27 This book examines the American Sixties and how that period's socio-political essence was reflected and refracted in certain forms of the period's music. Its five main chapters bear the names of familiar musical categories: Folk, Rock, Jazz, Avant Garde, Classical. But the book's real subject matter, treated at length in the Prologue and the Epilogue, is spread throughout all that comes between: is the Sixties a tangled mess of hopes and frustrations, of hungers as much for self-identity as for self-indulgence, of crises of conscience that bothered Americans of almost all ages and regardless of political persuasion?

*The New Partridge Dictionary of Slang and Unconventional English* Tom Dalzell, Terry Victor, 2015-06-26 Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus *The Dictionary of Slang and Unconventional English*, this two-volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post-WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945 and through the first decade of the new millennium with the same thorough, intense and lively scholarship that characterized Partridge's own work. Unique, exciting and at times hilariously shocking, key features include unprecedented coverage of World English with equal prominence given to American and British English slang and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland and the Caribbean, emphasis on post-World War II slang and unconventional English, published sources given for each entry, often including an early or significant example of the term's use in print, hundreds of thousands of citations from popular literature, newspapers, magazines, movies and songs illustrating usage of the headwords, dating information for each headword in the tradition of Partridge commentary on the term's origins and meaning. New to this edition: A new preface noting slang trends of the last five years; Over 1,000 new entries from the US, UK and Australia; New terms from the language of social networking; Many entries now revised to include new dating, new citations from written sources and new glosses. *The New Partridge Dictionary of Slang and Unconventional English* is a spectacular resource infused with humour and learning; it's rude, it's delightful and it's a prize for anyone with a love of language.
