Study Guide for Pharmacology for Canadian Health Care Practice - E-Book Kara Sealock, Cydnee

Seneviratne, 2024-06-13 Ensure your mastery of need to know Canadian pharmacology nursing principles with the Study Guide for Lilley's Pharmacology for Canadian Health Care Practice 5th Edition. Designed to accompany the Lilley's textbook, this dynamic study guide helps you better understand, retain, and apply the information and concepts from each chapter of the text. Worksheets for each chapter include multiple choice, review questions, critical thinking, and application questions, case studies, and a wealth of other learning activities to help you fully prepare for credentialing exams. NEW! Thoroughly updated content reflects the organization and updated information housed in the fifth edition of Lilley's Pharmacology for Canadian Health Care Practice. Chapter by chapter, worksheets are divided into three main sections: chapter review and examination preparation, including multiple choice and matching questions, critical thinking, and application questions; with some chapters including a critical thinking crossword puzzle and case studies. Chapter review and examination preparation in each chapter worksheet includes a number of application-based practice questions for the Next Generation NCLEX-RN (NGN), including at least one alternate item question per chapter. UNIQUE! Cartoon illustrated study tips help you manage your study time more effectively and expand upon the study skills tips included on the accompanying Evolve website. Variety of questions includes fill-in-the-blank, multiple choice, labelling, and ordering, matching, and short answer. Focus on prioritization features at least one prioritization exercise in each chapter in which you must evaluate a clinical scenario and answer the question: What is the nurse's best action? These exercises provide practice with identifying the most important need-to-know nursing actions. Overview of Dosage Calculations section features explanations of key drug calculation concepts, sample drug labels, practice problems, and a practice quiz. Answers for all exercises are provided at the back of the book to facilitate self-study.
