

Fresh Touch

Before: Old ombre color needed an update and center-parted strands sans fringe emphasized her long face shape.

After: A couple of inches were removed all around, then light layers and a defined side point were added to promote flair and pump up her baby-fine locks... and with deep blunt bangs, her face's length is no longer an issue! The color was freshened up with a shiny trio of auburn, red and glints of blonde.

Pretty in Platinum

Before: At-home bleaching had turned her fine locks into a stringy mess.

After: Lots of length was removed and, to increase the glam factor, bangs were cut in to tickle the brow bone. Hair is longer in front and graduated layers are stacked in back for airy movement.

After a special salon conditioning treatment, her color is expertly brightened to perfect platinum. Hair by Elizabeth Sternheim, color by Jenise Muenster, L. Stern & Color Group, San Mateo, CA; for All-Makeup-Revolution; Makeup by Joshua Corneer; Photos by Tom Carson Productions (Global Hair & Fashion Group).

Retro Surprise

Before: A one-dimensional raven hue and a boxy bob have no flair whatsoever.

After: Her color comes alive with deep brunette awash with narrow slices of red. Next, hair is cut into a retro-inspired pixie with blunt baby bangs, choppy, face-hugging sides, a graduated back and a soft, y-shaped nape. Just blow-dry with a small round brush, add shine serum and you're good to go! Hair by Elizabeth Sternheim, color by Vanessa Brand, L. Stern & Color Group, San Mateo, CA; Makeup by Betty Makonnen; Photos by Tom Carson Productions (Global Hair & Fashion Group).

Pixie Power

Before: Her mousey-brown hair had grown out so she'd taken to catching it low at the nape.

After: It's like night and day! Blah brown was bleached, then toned to a dazzling platinum hue that's bursting with shine. Her new cut is just as bold—a sharply angled pixie with layers that are shortest in back for lift and pointy panels that make sexy earrings get the attention they deserve! After backcombing for height, mist on the shine spray.

New Angle

Before: A shapeless, disheveled crop made her look washed out and the cut played up her square face shape.

After: To start, a bright red hue with dark under panels adds much-needed depth and shine. Next comes an asymmetrical cut with up-front angles and fuller fringe to instantly make her face look more oval-like. Style ends under on one side while flipping them out on the other to play off the asymmetry further.

Crashing the Party Kris Hermes, 2015-09-01 Over the past fifteen years people in the United States and dissidents in particular have witnessed a steady escalation of the National Security State including invasive surveillance and infiltration indiscriminate police violence and unlawful arrests These concerted efforts to spy on Americans and undermine meaningful social change are greatly enhanced by the coordination of numerous local state and federal agencies often operating at the behest of private corporations Normally associated with the realities of a post 9 11 world Crashing the Party shows how these developments were already being set in motion during the Republican National Convention RNC protests in 2000 It also documents how in response dissidents confronted new forms of political repression by pushing legal boundaries and establishing new models of collective resistance Crashing the Party explains how the events of 2000 acted as a testing ground in which Philadelphia Police Commissioner John Timoney was able to develop repressive methods of policing that have been used extensively across the U S ever since At the same time these events also provided a laboratory for the radical innovative and confrontational forms of legal support carried out by R2K Legal a defendant led collective that raised

unprecedented amounts of money for legal defense used a unique form of court solidarity to overcome hundreds of serious charges and implemented a PR campaign that turned the tide of public opinion in favor of dissidents While much has been written about the global justice era of struggle little attention has been paid to the legal struggles of the period or the renewed use of solidarity tactics in jail and the courtroom that made them possible By analyzing the successes and failures of these tactics *Crashing the Party* offers rare insight into the mechanics and concrete effects of such resistance In this way it is an invaluable resource for those seeking to confront today's renewed counterintelligence tactics *Mad Men, Mad World*

Women's Hair Styling Elizabeth Johnson, 2016-04-08 Elizabeth Johnson's *Resistance and Empowerment in Black Women's Hair Styling* develops the argument that one way Black women define themselves and each other is by the way they style groom their hair via endorsement by the media through advertisement idealized identification of Black female celebrities and encouragement by professional celebrity hair stylists who serve as change agents As a result hair becomes a physical manifestation of their self identity revealing a private and personal mindset Her research answers the following questions What is the relationship between Black females choice of hairstyles grooming and transmitted messages of aesthetics by the dominant culture through culturally specific magazines What role do the natural hair blogs vlogs play as a change agent in encouraging or discouraging consumers grooming their hair in its natural state What impact does a globalized consumer market of Black hair care products have on Hispanic Latinas and Bi Racial women Are Black female Generation Y members more likely to receive backlash for failure to conform their hair to dominant standards in their hair adornment in the workplace Johnson thus demonstrates that the major concern from messages sent to Black women about their hair is its

impact on Black identity Thus the goal of Black women should be to break with hegemonic modes of seeing thinking and being for full liberation This critical and deep consciousness will debunk the messages told to Black women that their kinky frizzy thick hair is undesirable bad unmanageable and shackling *Acute & Chronic Wounds* Ruth A.
