Museum Curatorship in the National Park Service, 1904-1982 Ralph H. Lewis, 1993 **Historic Real Estate** Whitney Martinko, 2020-05-15 A detailed study of early historical preservation efforts between the 1780s and the 1850s In *Historic Real Estate* Whitney Martinko shows how Americans in the fledgling United States pointed to evidence of the past in the world around them and debated whether and how to preserve historic structures as permanent features of the new nation s landscape From Indigenous mounds in the Ohio Valley to Independence Hall in Philadelphia from Benjamin Franklin s childhood home in Boston to St Philip s Episcopal Church in Charleston South Carolina from Dutch colonial manors of the Hudson Valley to Henry Clay s Kentucky estate early advocates of preservation strove not only to place boundaries on competitive real estate markets but also to determine what should not be for sale how consumers should behave and how certain types of labor should be valued Before historic preservation existed as we know it today many Americans articulated eclectic and sometimes contradictory definitions of architectural preservation to work out practical strategies for defining the relationship between public good and private profit In arguing for the preservation of houses of worship and Indigenous earthworks for example some invoked the public interest of their stewards to strengthen corporate control of these collective spaces Meanwhile businessmen and political partisans adopted preservation of commercial sites to create opportunities for and limits on individual profit in a growing marketplace of goods And owners of old houses and ancestral estates developed methods of preservation to reconcile competing demands for the seclusion of and access to American homes to shape the ways that capitalism affected family economies In these ways individuals harnessed preservation to garner political economic and social profit from the performance of public service Ultimately Martinko argues by portraying the problems of the real estate market as social rather than economic advocates of preservation affirmed a capitalist system of land development by promising to make it moral *NASA Historical Data Book* , 1988 **The Florida Cracker Cookbook** Joy Sheffield Harris, 2019-10-28 This Florida Book Awards Gold Medal winner in the Cooking category celebrates the Sunshine State s culinary heritage from turtle soup to boiled peanuts Though starting in one story shacks in the piney woods of the Panhandle Cracker cooking in Florida has evolved with our tastes and times and is now just as home in high rise apartments along the glistening waterways When supplies were limited and the workday arduous black coffee with leftover cornbread might serve as breakfast Today s bounty and life s relative ease bring mornings with lattes and biscotti biscuits and sausage gravy What s on the plate has changed but our heritage infuses who we are As we follow the path laid out by gastronomic pioneers this culinary quest guided by sixth generation Cracker Joy Sheffield Harris will whet your appetite with recipes and sumptuous reflections Pull up a chair and dig in *An Historical Sketch of the Crimea* Anthony Grant, 1855
