Fernando,2024-12-09 Fernando examines important aspects of the drafting of 1957 Federation of Malaya constitution related to the system of governance division of legislative and executive powers the conceptualisation of citizenship and the roles of the judiciary and election commission The book sheds new light on the balances that the Reid Commission sought to embed in the constitution and the historical constitutional debates and discussions which greatly shaped the framing of the new federal constitution between 1956 and 1957 Drawing on historical evidence mainly from declassified primary constitutional documents it analyses the submissions debates and discussions among the framers and various interest groups during the drafting of the constitution between 1956 and 1957 to discern more clearly the intentions of the framers on many aspects of governance and distribution of powers embedded in the constitutional provisions This book reveals more deeply the nature and complexity of the constitutional

The Constitutional History of England Henry Hallam, 1861 Deplorable Mary E. Stuckey, 2021-11-15 Political campaigns in the United States especially those for the presidency can be nasty very nasty And while we would like to believe that the 2020 election was an aberration insults invective and yes even violence have characterized US electoral politics since the republic's early days By examining the political discourse around nine particularly deplorable elections Mary E Stuckey seeks to explain why From the contest that pitted Thomas Jefferson against John Adams in 1800 through 2020's vicious chaotic matchup between Donald Trump and Joe Biden Stuckey documents the cycle of despicable discourse in presidential campaigns Looking beyond the character and the ideology of the candidates Stuckey explores the broader political economic and cultural milieus in which each took place In doing so she reveals the conditions that exacerbate and enable our worst political instincts producing discourses that incite factions target members of the polity encourage undemocratic policy and actively work against the national democratic project Keenly analytical and compulsively readable Deplorable provides context for the 2016 and 2020 elections revealing them as part of a cyclical and perhaps downward spiraling pattern in American politics Deplorable offers more than a comparison of the worst of our elections It helps us understand these shameful and disappointing moments in our political history leaving one important question Can we avoid them in the future
