and 400cc four cylinder models Finally please note that the text in the original Honda Factory Workshop Manual was translated from Japanese into English Consequently some of the phrasing grammar punctuation and word usage may be subtly different from that commonly used in the English language However the information as presented is readily understandable In addition while we have done our best to identify any anomalies errors and incorrect spelling that may have occurred during the original translation process we are certain that we will have missed one or two and we request your indulgence in ignoring them

The original CB500 released in 1971 ultimately morphed into the 1974 CB550 and the 1975 CB550F Super Sport. The original base 500cc manual was expanded by the factory to include the CB550 and subsequently updated with supplements for the later models. It covers the 1971 1973 K0 K1 a CB550 76 would be a 1976 USA model but in most other countries that same model would be identified as a CB550K2. Setting this potential for confusion aside we can state that this manual covers the entire 1971 through 1978 range of 500cc and 550 cc four cylinder models. After his visit to Japan in 1961 Floyd Clymer published *The Complete Catalog of Japanese Motor Vehicles* ISBN 9781588502209. Yamaha 1958 Honda 1959 Suzuki 1963. The predominance of the Floyd Clymer Japanese motorcycle manuals were either reprints or compilations of the factory publications which today makes them more desirable than the current aftermarket manuals.
