

Judge the evidence a source provides for a particular topic

Sample examination questions:

- To what extent do Sources A and B provide evidence for [a particular topic]
- Compare and contrast Sources A and B as evidence for [a particular topic]
- How does Source A provide evidence for [a particular topic]
- What do Source A and B reveal about [a particular topic]
- Analyse the limitations of Source A for an historian studying [a particular topic]
- Contrast the value of Source A and Source B for an historian studying [a particular topic]

What you need to think about to answer questions about the evidence a source provides:

Evidence – anything that helps to prove or support something

Compare – what is similar and what is different

Contrast – what is different or opposite

To what extent, how much? Do the sources provide information on everything you need to know about the topic? What do they say? What is missing? It is important to make a clear judgement at the start of this response, then use examples from the source as evidence to support this.

Use sources to support a response to a question

Sample examination questions:

- Use Sources A and B and your own knowledge, [answer a question]
- Study Sources A, B and C. Using these sources, [answer a question]
- [Question] Make critical reference to Sources A and B and your own knowledge in your answer.
- [Question] Refer to Sources A and B and your own knowledge in your response

What you need to think about when answering questions requiring source evidence (and, usually, too):

Make a statement (topic sentence) that covers the general points that you are going to cover – DO NOT SAY something like – eg. (There were differing attitudes towards the war in Germany that changed over the course of 1914-1918) – get straight to the point – eg. (Attitudes changed over time in Germany towards the war, due to the harsh conditions of the naval blockade and the knowledge of failure in the war)

- Introduce own knowledge...
- Support a point with Source A...
- Introduce new point of own knowledge...
- Support a point with Source B.
- Know your content well for this section and make sure you include everything surrounding the question that is asked!

The focus here is using your detailed content knowledge to answer the question and support this with examples from the source.
