**Care in Practice Higher** Janet Miller, Susan Gibb, 2015-09-25 A new edition of the bestselling core textbook Care in Practice for Higher This book incorporates the most recent thinking in changes to care practice and updates previous editions of Care in Practice for Higher as well as offering relevance to Nationals 4 and 5 in Care plus appropriate SVQ2 and SVQ3 courses and the HNC in Social Care There is a focus on person centred and holistic thinking and an outcomes approach together with the inclusion of Government policies such as GIRFEC Getting it Right for Every Child and Self directed support Topics include Care context and services Values and principles An introduction to human development and behaviour Psychological approaches and theories Social influences and sociology Positive care practice Integration and course assessment Integrating Human Capital with Human Development John F.

Tomer, 2016-04-05 For the most part human capital theory emphasizes human cognitive development and the acquisition of knowledge and skills that enable enhanced productivity and earnings In light of recent research findings particularly concerning neurodevelopment and early childhood development it is becoming apparent that this standard version of human capital theory has a far too limited conception of human capabilities and how they are created Integrating Human Capital with Human Development considers recently accumulated knowledge related to the human brain s functioning and development to better understand the relationship between human capital and human development in successful economies It shifts the focus of human capital theory to give full consideration to intangible non cognitive aspects of learning This exciting new volume is an important addition to the study of human capital and behavioral economics more broadly

COUNSELING CONCEPTS AND PRACTICES Dra. Sugiarti, M.Kes., Psikolog., 2025-09-02 The book Counseling Concepts

and Practices provides a comprehensive discussion and review of counseling interventions and their application to clients. This book covers essential topics such as the definition of counseling, the history of counseling, and the key parties involved in the counseling process. Beyond theoretical discussions, this book also offers practical tips and techniques applicable in real-world counseling settings. The counseling techniques presented are tailored to meet the specific needs and characteristics of clients, taking into consideration factors such as age, from children and adolescents to adults and the elderly, as well as age-relevant issues. These include topics like internet addiction in teenagers, dating violence, and psychological approaches to marital problems. In addition to counseling techniques, this book also provides intervention strategies that can be adapted to various psychological disorders or conditions encountered in practice. The methods discussed are not limited to individual counseling but are also applicable to group counseling settings, including common patterns of problems typically encountered in both individual and group counseling contexts.
