

ANALYTICAL QUESTIONS for JANE EYRE by CHARLOTTE BRONTE

The following short answer questions developed to allow students to practice with close analysis on a small, controlled text. Each question attempts to address literary terminology, requires the use of critical thinking, and challenges students to use varied writing techniques while analyzing the gap between context and literary ideas. As a result, these questions can be used at numerous occasions, in class writing assignments, collaborative group work. Additionally, the emphasis in these questions can act as a diagnostic to help teachers determine if students' reading comprehension, writing ability, analytical skills, and capacity for both abstract and critical thought. Each section of questions is highly differentiated and thus includes all types of learners. Moreover, each question was written with standards in mind and can be used to teach or skills that are imperative for success in ELA testing. These are all relatively high level questions that can be easily modified to reach students of all levels.
