It's All Too Much Peter Walsh, 2009-08-01 Are your counters covered with appliances you had to have but rarely use Are your cupboards stuffed with clothes that you hope to fit back into or that you paid a fortune for but only wore once Have you been hanging on to that hideous teapot your mother gave you 10 years ago only because she gave it to you Every time you go shopping do you come back with bags of more stuff because that pillow blouse cd mixer will be the one thing that changes your life and then it doesn't change your life because you have nowhere to put it In *It's All Too Much* organisational guru Peter Walsh challenges you to answer a very simple but scary question Does the stuff you own contribute to the life you hope to achieve or does it get in the way of your vision Peter

helps you assess the state of your home without any sugar coating and will teach you how to confront and conquer the stuff that is holding you back by identifying the purpose of each and every object in your home and assessing your reasons for holding onto it He shows you how to identify which room is the heart of your home and then shows you why it is so important to keep that space clean and clear of clutter if the heart of your home is clogged what does that say about you He then helps you go room by room to ask the important questions What is the room What s its purpose What is this item Does it contribute positively to the life you want The answers to these questions will help you understand your priorities and fix your relationship with your stuff And in gaining this understanding you can start to clear out the clutter
