291 Words Short Essay on Knowledge Is Power

Article shared by Manish

The main difference between a man and an animal is that man has some **knowledge** but an animal has no knowledge of anything. Knowledge is the godmother of all discoveries, explorations and inventions.

Mostly man gains knowledge through observation and experimentation. At first man starts with certain hypothesis or theory and sometimes even without any premeditation, prerequisite or predetermination. In other words, he embarks upon a project just at random and the results are startlingly positive or negative.

Einstein, for instance, was actually not working for discovering the atom when he stepped upon it just by chance. Even Newton's sight of the falling apple and the thoughts that it generated in his mind which led to the discovery of the theory of gravitation were not far conceived by him.

All the modern technology which has made certain nations so powerful economically and militarily is all based on knowledge. In countries like the USA research in all fields of science is done on regular basis and
