SCM Studyguide: Christian Ethics Messer Neil,2015-04-21 Providing the level one student with all they will need to know to understand their course fully the textbook covers the major areas of ethical theory and methodology that are key to the use of the Bible in Christian ethics natural law conscience various philosophical approaches to ethics and the influence of liberation theologies SCM Studyguide: Philosophy and the Christian Faith Ben Pugh ,2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new The goal posts keep changing This study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the

genealogical line of ideas and the Christian responses to them right up to the present day For most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled Thus each chapter in this study guide opens with a glossary of terms Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes shows itself in Sunday morning worship
