## Certain Trumpets

This “beautifully written and reasoned” (Booklist) narrative by Pulitzer Prize-winning author Garry Wills examines what constitutes meaningful leadership, and why it is so essential to society. What makes a leader? How do we identify effective leadership, and how should—and shouldn’t—that power be used? In *Certain Trumpets*, Garry Wills presents portraits of eminent leaders including FDR to Ross Perot, King David, Martha Graham, and many others, offering an illuminating lens for studying society and ourselves. Dividing these portraits into sixteen leadership categories ranging from military to charismatic, intellectual, rhetorical, and elected, Wills highlights what makes each of his subjects unique, crafting along the way a distinct and incisive definition of leadership as a reciprocal engagement between two contrasting wills that serves to mobilize us toward a common good, and explaining why leadership is so often a contentious and emotionally charged subject. “A stunningly literate and thoughtful examination of what makes a leader...[and] a welcome antidote to some of the more egregious ‘management style’ drivel,” (Kirkus Reviews), *Certain Trumpets* is an inspiring and edifying tour through the history of an indispensable social art.

## This Is Water

Only once did David Foster Wallace give a public talk on his views on life, during a commencement address given in 2005 at Kenyon College. The speech is reprinted for the first time in book form in *THIS IS WATER*. How does one keep from going through their comfortable, prosperous adult life unconsciously? How do we get ourselves out of the foreground of our thoughts and achieve compassion? The speech captures Wallace’s electric intellect as well as his grace in attention to others. After his death, it became a treasured piece of writing reprinted in *The Wall Street Journal* and the *London Times*, commented on endlessly in blogs, and emailed from friend to friend. Writing with his one-of-a-kind blend of causal humor, exacting intellect, and practical philosophy, David Foster Wallace probes the challenges of daily living and offers advice that renews us with every reading.

## You Are Not Special

An inspirational reflection on the way we bring up children that will resonate with all parents. David McCullough, Jr.’s high-school graduation address, dubbed *You Are Not Special* when it went viral on YouTube, was a tonic for parents, students, and educators alike. Now he expands on that speech with wit and a perspective earned from raising four children and teaching high-school students for nearly 30 years. In this humorous and insightful book, McCullough takes a hard look at helicopter parents, questionable educational goals, professional university coaching, electronic distractions, and more — and advocates for a life of passionate engagement.

## The Leader in Me

Children in today’s world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? *The Leader in Me* is that programme. It’s based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk

**God, Schools, and Government Funding** Laurence H. Winer,Nina J. Crimm,2016-04-15 In recent years a conservative majority of the U S Supreme Court over vigorous dissents has developed circumventions to the Establishment Clause of the First Amendment that allow state legislatures unabashedly to use public tax dollars increasingly to aid private elementary and secondary education This expansive and innovative legislation provides considerable governmental funds to support parochial schools and other religiously affiliated education providers That political response to the perceived declining quality of traditional public schools and the vigorous school choice movement for alternative educational opportunities provokes passionate constitutional controversy Yet the Court's recent decision in *Arizona Christian School Tuition*

Organization v Winn inappropriately denies taxpayers recourse to challenge these proliferating tax funding schemes in federal courts Professors Winer and Crimm clearly elucidate the complex and controversial policy legal and constitutional issues involved in using tax expenditures mechanisms such as exclusions deductions and credits that economically function as government subsidies to finance private religious schooling The authors argue that legislatures must take great care in structuring such programs and set forth various proposals to ameliorate the highly troubling dissention and divisiveness generated by state aid for religious education Orissa Society of Americas 35th Annual Convention Souvenir , Orissa Society of Americas 35th Annual Convention Souvenir for Convention held in 2004 at Dallas Texas re published as Golden Jubilee Convention July 4 7 2019 Atlantic City New Jersey commemorative edition Odisha Society of the Americas Golden Jubilee Convention will be held in Atlantic City New Jersey during July 4 7 2019 Convention website is <http://www.osa2019.org> Odisha Society of the Americas website is <http://www.odishasociety.org> *INSide EDition* ,1995 Schooling in the Light of Popular Culture Paul Farber,Eugene F. Donohue,2001-01-01 Provocative he acknowledges that the ACLU has honorably battled violations of individual rights but he maintains that the group's fetishization of those rights degrades institutions that help build responsibility and community His critique is in many instances appropriate Publisher's Weekly Mr Donohue makes a detailed and persuasive argument that far from simply protecting constitutional freedom the ACLU is driven by an ideology for which the accurate term is extremist *Twilight of Liberty* is an important polemical and constructive contribution to understanding law politics and morality in contemporary America *First Things* A Monthly Journal of Religion and Public Life William Donohue thoroughly documents and perceptively analyzes both the socially destructive work of the American Civil Liberties Union and the threat to liberty presented by the extremist positions on individual rights ACLU propagates This book is a much needed antidote to pernicious trends in our national life American Enterprise Institute *Twilight of Liberty* is a sequel to Donohue's highly regarded *The Politics of the American Civil Liberties Union* but with a marked change in emphasis Instead of challenging the ACLU's nonpartisan reputation as he did in the earlier volume Donohue now seeks to demonstrate why and how recent ACLU policy undermines the process of liberty He argues that the ACLU by relentlessly warring with mediating institutions and by pushing a radical individualism in its policies is not making us more but less free

Two conceptions of liberty are discussed. The first considers the social context in which the struggle for freedom takes place. It maintains that freedom is best achieved through a delicate balancing of individual rights with the legitimate needs of the social order. The other conception of liberty is atomistic, exclusively concerned with the rights of the individual. According to Donohue, such a definition assures the triumph of the state over the mediating institutions of society, thus reducing prospects for freedom. This is the first book to critically analyze contemporary ACLU policy and to challenge its reputation as the preeminent voice of freedom in the United States. It aims to move beyond the idea that freedom is best served by pushing individual rights to extremes. *Twilight of Liberty* will appeal to scholars in the fields of law, social policy, and culture. Students in civil liberties courses will also find this book a valuable resource. William A. Donohue is president of the Catholic League for Religious and Civil Rights in New York City.

*Through Jamaican Lenses* Fern June Khan, 2024-08-30 Born and raised on the island of Jamaica, Fern June Khan has valued and embraced Jamaica in each stage of her life. Despite the island's economic and educational challenges during her youth, Khan's childhood was a colorful one, replete with the vibrant culture of the island, endlessly supportive role models, and a complex social tapestry. Her early experiences empowered Khan to develop an unwavering sense of self as she progressed into adulthood and moved to the United States. *Through Jamaican Lenses* A Memoir celebrates Khan's joyful upbringing, journey to a new environment, and her many educational and professional accomplishments. Centering on her early life in Jamaica in the 1940s and 50s, this memoir reveals Khan's childhood as one rich with opportunities to observe and experience the complexities of Jamaican life and history. Khan's childhood memories revel in the community's vivid folklore, Jamaica's music and food, and popular idioms and sayings, as well as the implications of color and class. Then, a British colony, Jamaica still bore the legacies and social impacts of slavery and emancipation. Jamaica was becoming increasingly globalized, and along with that transition came a growing interest in cultural exchange. Stories of economic success poured in from relatives and friends who had traveled abroad, whether as seasonal workers or as immigrants. As Khan grew, ambition brought her to the United States as a foreign student. She graduated from New York University with a BSc in sociology and a graduate degree in social work. Following a brief career in social work, Khan next cultivated a forty-four year career in higher education, using her social work skills to inform her work developing education programs for children, youth, and adults alike in New York City and beyond. Bolstered by her early education in Jamaica, these achievements would not have been possible without the support of her community. Examining not only Jamaica's contribution to the arts, its customs and traditions, and its social and cultural heritage, *Through Jamaican Lenses* explores honestly the diasporic experience of Caribbean immigration, postcolonialism, collective and individual memory, and transnational identity.
