European Disunion Stefan Auer,2022-07-15 The European Union means many different things to its many peoples In Germany for example the European project was conceived mainly as post national or even post sovereign In France by contrast President Emmanuel Macron has pursued the vision of a sovereign Europe that is an EU that would become a formidable geopolitical actor Yet instead Europe has struggled to ascertain its values abroad and even domestically facing a sovereignist rebellion from its newer member states such as Hungary and Poland and the departure of Britain The eurozone crisis has undermined the EU s economic credentials the refugee crisis its societal cohesion the failure to stand up to Russia its sense of purpose and the Covid 19 pandemic its credibility as a protector of European citizens The key argument of this book is that the multiple crises of the European project are caused by one underlying factor its bold attempt to overcome the age of nation states Left unchecked supranational institutions tend to become ever more bureaucratic eluding control of the people they are meant to serve The logic of technocracy is thus pitted against the democratic impulse which the European Union is supposed to embody Democracy in Europe has suffered as a result

Bogowie: A Study of Eastern Europe's Ancient Gods T.D. Kokoszka, 2023-08-25 T D Kokoszka grew up in Texas with a Jewish mother and a Polish American father While he was aware of roots going back to Eastern Europe from both families he found it hard to learn very much about them He knew that Polish people would whack one another with palm leaves around Easter and he knew that his great grandmother purportedly believed in forest spirits known as borowy However it wasn't until he was in his teens that he became vaguely aware of an ancient people known as the Slavs who gave rise to the Polish Ukrainian Russian Serbian Bulgarian Slovakian Slovene and Czech languages It quickly became clear to him that this was a family of cultures currently under represented in popular culture and even in western scholarship Not simply a regurgitation of scholarship from the Soviet period and presenting new analyses by using previously neglected resources *Bogowie A Study of Eastern Europe's Ancient Gods* offers one of the most painstaking scholarly reconstructions of Slavic paganism These new resources include not only an overview of folklore from many different Slavic countries but also comparisons with Ossetian culture and Mordvin culture as well as a series of Slavic folktales that Kokoszka analyzes in depth often making the case that the narratives involved are mythological and shockingly ancient Readers will recognize many European folktale types and possibly learn to look at these folktales differently after reading this book

Imagining Europe: Memory, Visions, and Counter-Narratives Lars Klein, Martin Tamcke, 2015 In the course of the so called economic and financial crisis from 2008 onwards there has been a fierce debate about the role and purpose of the European Union It was led in politics and the media just as in academia The economic usefulness of the Euro has been discussed and the political implications of a fostered European unification Most often the state of Europeanization has been presented as being without alternatives no Europe without Greece no Euro without Greece no way back to the nation state in its old form As a result the debate on Europe was largely narrowed down to the very questions of the immediate crisis namely economics and finance Only a few voices held that the crisis in fact was one of politics not of economics And only late did politicians mention again that Europe is more than the EU Alternative views of Europe however were scarce and often presented full of consequences It thus came without much surprise that the lacking imaginative power of politicians as well as intellectuals was criticized The idea for this volume sprang from that situation The editors invited scholars from various disciplines to present them with ways of imagining Europe that go beyond the rather limited view of EU institutions How was how is Europe imagined Which memories are evoked which visions explicated Which counter narratives to prominent

discourses are there Social Geography Series: Eastern hemisphere Frederick Kenneth Branom,1928 African American Literature in Transition, 1920-1930: Volume 9 Miriam Thaggert,Rachel Farebrother,2022-04-07 This book analyses historical literary and cultural shifts in African American literature from the 1920s 1930s Course of Study in Geography, Grades Three and Four, 1929-30 Cleveland (Ohio).
