Mobility Matters Stepping Out In Faith:

Mobility Matters Amy L. Bovaird, 2014-10-04 Adventurous international teacher Amy Bovaird is diagnosed with Retinitis Pigmentosa a hereditary eye disease that will blind her In spite of that she manages to continue teaching overseas Then her father s final illness brings her back home for good There friends and acquaintances begin to notice that she doesn t always recognize them and sometimes stumbles as if drunk Insensitive students ridicule her in the classroom Unwilling to accept that she is truly losing her eyesight Amy resists when the Bureau of Blindness schedules a mobility specialist to begin training her to use a white cane How can she an independent world traveler use something that screams I am a blind person Will her faith prove strong enough to allow her to move forward and accept herself as she is [Divine Revelations-Eye Openers](#) Florencia Chang-Ageda, 2017-02-13 Florencia wrote Divine Revelations because she discovered the relevance of the Bible to her life What she discovered as she spent time in the Word revealed more than just God s love for mankind it changed her life She realized that as she took the time to meditate on God s Word she became more aware of the Presence of God in her daily life and who Christ is to her Spending time perusing the Bible has allowed her to experience the hearts of God and of Jesus It has also given her insight into the Omniscience and the Omnipotence of an Omnipresent and very loving God She also realized that because God sacrificed His most priceless gift Jesus for her He will never withhold any good thing from her The same is true for you She hopes that by sharing the truths she has discovered with you this book will pique your curiosity about the relevance of God and His Son and the Bible to your life **The Transcendentalists and Their World**

Robert A. Gross, 2021-11-09 One of The Wall Street Journal s 10 best books of 2021 One of Air Mail s 10 best books of 2021 Winner of the Peter J Gomes Memorial Book Prize In the year of the nation s bicentennial Robert A Gross published The Minutemen and Their World a paradigm shaping study of Concord Massachusetts during the American Revolution It won the prestigious Bancroft Prize and became a perennial bestseller Forty years later in this highly anticipated work Gross returns to Concord and explores the meaning of an equally crucial moment in the American story the rise of Transcendentalism The Transcendentalists and Their World offers a fresh view of the thinkers whose outsize impact on philosophy and literature would spread from tiny Concord to all corners of the earth Ralph Waldo Emerson Henry David Thoreau Nathaniel Hawthorne and the Alcotts called this New England town home and Thoreau drew on its life extensively in his classic Walden But Concord from the 1820s through the 1840s was no pastoral place fit for poets and philosophers The Transcendentalists and their neighbors lived through a transformative epoch of American life A place of two thousand plus souls in the antebellum era Concord was a community in ferment whose small ordered society founded by Puritans and defended by Minutemen was dramatically unsettled through the expansive forces of capitalism and democracy and tightly integrated into the wider world These changes challenged a world of inherited institutions and involuntary associations with a new premium on autonomy and choice They exposed people to cosmopolitan currents of thought and endowed them with unparalleled opportunities They

fostered uncertainties raised new hopes stirred dreams of perfection and created an audience for new ideas of individual freedom and democratic equality deeply resonant today The Transcendentalists and Their World is both an intimate journey into the life of a community and a searching cultural study of major American writers as they plumbed the depths of the universe for spiritual truths and surveyed the rapidly changing contours of their own neighborhoods It shows us familiar figures in American literature alongside their neighbors at every level of the social order and it reveals how this common life in Concord entered powerfully into their works No American community of the nineteenth century has been recovered so richly and with so acute an awareness of its place in the larger American story Faith in Motion Hezron Ottey,2025-09-25

Faith in Motion invites readers on a transformative journey where belief and behavior converge Drawing from groundbreaking research on the physical activity practices of the Seventh Day Adventist community in the UK Hezron Ottey explores how faith can be a powerful force not just for spiritual health but for physical and communal well being This compelling book uncovers the unique ways in which religious values cultural identity and lifestyle intersect to promote holistic health With a blend of narrative insight scholarly depth and lived experience Faith in Motion challenges readers whether scholars health professionals church leaders or seekers to rethink how theology can shape wellness community engagement and personal purpose In an age of rising health disparities this book offers a timely and hope filled vision that moving in faith can indeed move the world It Was All a Dream Reniqua Allen,2019-01-08 Young Black Americans have been trying to realize the promise of the American Dream for centuries and coping with the reality of its limitations for just as long Now a new generation is pursuing success happiness and freedom on their own terms In It Was All a Dream Reniqua Allen tells the stories of Black millennials searching for a better future in spite of racist policies that have closed off traditional versions of success Many watched their parents and grandparents play by the rules only to sink deeper and deeper into debt They witnessed their elders fight to escape cycles of oppression for more promising prospects largely to no avail Today in this post Obama era they face a critical turning point Interweaving her own experience with those of young Black Americans in cities and towns from New York to Los Angeles and Bluefield West Virginia to Chicago Allen shares surprising stories of hope and ingenuity Instead of accepting downward mobility Black millennials are flipping the script and rejecting White America s standards Whether it means moving away from cities and heading South hustling in the entertainment industry challenging ideas about gender and sexuality or building activist networks they are determined to forge their own path Compassionate and deeply reported It Was All a Dream is a celebration of a generation s doggedness against all odds as they fight for a country in which their dreams can become a reality Blind Passion Vincent I Perry,2020-10-01 A true story a personal love history an autobiographical memoir of a loving couple occurring during the years 1965 1976 at a major university in the state of Illinois The love affair involved a middle aged married woman and mother of three named Dorothy whose marriage had long been dead She rediscovered happiness when a blind college

student named Grant half Dorothy's age fell in love with her and their love affair resulted in a happy marriage of thirty years a tribute to the power of true love This story is reconstructed from Dorothy's diary entries and from the phenomenal memory of Grant who has survived Dorothy's death Dorothy possessed extraordinary energy was a devoted mother a highly talented seamstress and an exceptional cook She had long fallen out of love with her husband Despite her energy and ingenuity invested in trying to raise her children properly she found herself constantly frustrated by their uncooperative shortcomings While trapped in this unrewarding home life Dorothy blazed her path out of her unhappy wilderness by first gaining self esteem as a successful singer in her local Sweet Adelines organization She acquired additional self worth by becoming an accomplished swimmer She was finally able to find an escape out of her home life through volunteer work at the university for blind students who instantly recognized her extraordinary loving nature and remarkable personality These students became her friends and gave her the honorific name Ma their loving and helpful mother away from home Within two years one of these students fell in love with her and she with him The book narrates how their love began evolved encountered adversities was increasingly sexualized and how the power of their love freed Dorothy from her marriage and opened up a new and fulfilling life for Dorothy and Grant

Ecology of Vocation Kiara A. Jorgenson, 2020-05-15 Critically surveying various approaches to Christian ecological ethics alongside the vexing moral ambiguities of the Anthropocene Ecology of Vocation offers an integrative approach to responsible living vis vis one of Protestantism's key theological resources the doctrine of vocation Drawing on H Richard Niebuhr's germinal ethical framework with a decidedly ecofeminist perspective Kiara A Jorgenson demonstrates how vocation's emphasis on right relationship practically speaks to the embodied realities of planetary interrelatedness By excavating the ecological promise of the early Reformers democratized renderings of calling and linking their concerns to the contemporary context she argues that vocation cannot be reduced to the particular aim of monetized work nor to an elitist escape from it Rather vocation must be recast as the dynamic and vibrant space among the myriad roles any of us inhabits at any given time in a particular place When understood in this light vocation signals much more than a job a passion or a quest for self discovery An alternative understanding of vocation's very ecology can extend Christian conceptions of the neighbor beyond the human and lead the church to more faithfully pursue lives characterized by humility restraint wisdom justice and love

Hybrid Mobilities Nadine Cattán, Laurent Faret, 2021-07-30 Diverse factors like globalization geopolitical tensions and the transformation of lifestyles are strengthening the role of mobility as a structuring dimension of contemporary societies Social science research has taken note of these changes but few studies cross the different forms of mobility ranging from commuting to tourists and backpackers and on to seasonal workers or international migrants The diversity of mobility situations studied in this book highlights the contribution of the reality of mobility in the daily construction of urban regional and global spaces as well as in the redefinition of socio spatial concepts By using an interdisciplinary relational approach the book revisits certain concepts such as exclusion heritage or distance in

order to understand spatialities beyond the oppositions of fixity mobility private public or here elsewhere The book sheds light on the capacities for resistance of mobile persons in Singapore Dakar Bangkok Amman Paris New York or Mexico by studying the power relationships that are established in situations of mobility By deciphering the values that characterize regimes of im mobility the contributors stress the normative injunctions of public policies and social practices The originality of the work lies in capturing the deployment of alternative spatialities and underlining how they are reshaped between sedentary and mobility regimes It highlights the importance of fully associating mobility with its characteristics of ephemerality and fluidity in our theorizations and understandings of spatialities By taking a post structuralist posture the book makes it possible to establish a logic of and to design a between of things and to reverse ontology This allows the temporary and the connected to be rehabilitated beyond distance in our practical knowledge of spatialities and territorialities As such the volume will be of interest to scholars of geography sociology anthropology and urban studies with interests in mobility migration and relational thought

Transnationalism ,2009-05-20 This book deals with transnationalism and captures its singularity as a generalized phenomenon The profusion of transnational communities is a factor of fluidity in social orders and represents confrontations between contingencies and basic socio cultural drives It has created a new era different from the past at essential respects This is an age of enriching cultural diversity fraught with threatening risks inextricably linked to contemporary globalization National sovereignty is eroded from above by global processes from below by aspirations of sub national groups and from the sides by transnational allegiances This is the backdrop against which this book delves into the fundamental issues relating to the nature scope and overall significance of transnationalism
