Mobilizing An Asian American Community:

Mobilizing an Asian American Community Linda Trinh Võ, 2004 Focusing on San Diego in the post Civil Rights era Linda Trinh V examines the ways Asian Americans drew together despite many differences within the group to construct a community that supports a variety of social economic political and cultural organizations Using historical materials ethnographic fieldwork and interviews Linda Trinh V traces the political strategies that enable Asian Americans to bridge ethnicity generation gender language and class differences among others She demonstrates that mobilization is not a smooth linear process and shows how the struggle over ideologies political strategies and resources affects the development of community organizations V also analyzes how Asian Americans construct their relationship with Asia and how they forge relationships with other racialized communities of color V argues that the situation in San Diego illuminates other localities across the country where Asians face challenges trying to organize find sufficient resources create leaders and define strategies

The Snake Dance of Asian American Activism Michael Liu, Kim Geron, Tracy A. M. Lai, 2008-01-01 This text reinterprets a misunderstood and overlooked epoch of the Asian American experience the Asian American Movement AAM The authors argue that contrary to the common view of the movement as a passing phase limited to college youth the Asian American Movement spanned diverse political viewpoints and became increasingly sophisticated and effective Asian Americans were active participants and played unique roles in the social movements that convulsed the 1960s and 1970s particularly in protests against the Vietnam War The book traces the history of the AAM from its roots in the 1930s to the present day and its impact on diverse areas of the Asian American community Most importantly it looks at the societal and community dynamics that led to the movement s trajectory Using the lens of social movement theory it analyzes the AAM s rise and ebb and possible resurgence The authors argue that the AAM constituted a distinct identifiable and relatively stable social movement that dramatically impacted the direction of Asian American political and social activity

Contemporary Asian American Communities Linda Trinh Vo, Rick Bonus, 2002-04-10 Once thought of in terms of geographically bounded spaces Asian America has undergone profound changes as a result of post 1965 immigration as well as the growth and reshaping of established communities This collection of original essays demonstrates that conventional notions of community of ethnic enclaves determined by exclusion and ghettoization now have limited use in explaining the dynamic processes of contemporary community formation Writing from a variety of perspectives these contributors expand the concept of community to include sites not necessarily bounded by space formations around gender class sexuality and generation reveal new processes as well as the demographic diversity of today's Asian American population The case studies gathered here speak to the fluidity of these communities and to the need for new analytic approaches to account for the similarities and differences between them Taken together these essays forcefully argue that it is time to replace the outworn concept of a monolithic Asian America

Unsettled Eric Tang, 2015-10 As many as 10 000 Southeast Asian refugees arrived in the Bronx during the 1980s and 90s This book chronicles the odyssey of Bronx Cambodians closely following one woman and her family for several years Argues that refuge is never found that rescue discourses mask a more profound urban reality characterized by racialized geographic enclosure economic displacement and unrelenting poverty and the criminalization of daily life Views the hyperghetto as a site of extreme isolation punishment and confinement What does it mean for these Cambodians to resettle into this distinct time and space of slavery's afterlife publisher
