

My Favourite Hobby

My Three Favorite Hobbies

Most of my day consists of studies, doing house chores, and going to school. With all that, all my time is usually taken up. It is very hard to find time for myself. It can get very stressful with homework, traffic, and getting work completed on time. When I do get the chance to have some extra time, I have many other activities I enjoy doing. A few of my hobbies include sleeping, going to the movies, and listening to music.

First, I enjoy sleeping every chance I can get. When I am at school I try to make time during my breaks to get a few minutes of sleep. It helps me be alert and stay awake throughout the day. Also, any spare time that I might have I try to get some sleep, for example between classes, or between my travel and school. It rarely happens, but I take advantage of it when it does come along. My favorite time to sleep would be at night; everyone's favorite time to sleep is at night I would guess. Getting a good night's sleep is important to me. If I do not get a good night's sleep, I can pretty much count myself as dead the next day.

Second, going to the movies gives me something to do. When I am bored, it always seems like a good idea to just head out and go watch a movie. I do rarely have time in my schedule to get bored, but it does happen once in a blue moon. I enjoy going to the movies and it puts me in a better mood. To laugh, get scared, or even cry over something that does not have anything to do with my own personal life is a good feeling. For example, the movie *Mirrors* was an awesome movie about spirits being trapped in mirrors. I was scared during the movie, but I knew once it was over, that was not something I had to be scared of in real life. My friends sometimes like to get together and make it a group thing to go out and all see a movie. Usually, when this happens, we do not know what we are going to watch until we get there. Meaning this could come to waiting for hours for the movie to start and take the chance of watching a dual movie. Having your friends there always make it all worthwhile.

Lastly, listening to music releases most of the stress I get from my busy day. When I am at home doing my homework, I put music on to help me think. It clears my mind, and I have realized I work faster while listening to it. I have an MP3 player with all of my favorite songs downloaded to it. Listening to it makes my day seem to zoom by. Also, I enjoy listening to the talk shows in the morning where the radio hosts do funny pranks on people who call in. It makes me laugh and awakens me in the morning.

My absolute favorite time to listen to music would be when traffic. When I am sitting there not moving, all I have to do is turn up the radio and tune out of all the traffic. In my mind, it makes it seem as if traffic was going quicker. Unfortunately, I lost it, by now I'm planning to buy one, because I think I can't live without it. Sleeping, going to the movies
