David Hennessey,Jean-Pierre Jeannet,2004-11-19 If you buy a new BMW you may be surprised as much by the owner s manual as by the car itself Thin personalized and containing information only on the features you have selected in the language you speak it is the result of a year s collaboration with Xerox that has radically improved the product and decimated costs It is just one example of the new organizational structures and processes being developed at leading companies to serve the global marketplace As firms realize that dealing with global customers is not simply an extension of key account management their most common response is to launch a formal global account management initiative Done well this is powerful and effective however without proper planning it can spell disaster Drawing on widely accepted key success factors for global account management as well as new elements revealed by their research David Hennessey and Jean Pierre Jeannet redefine the process global account management around the premise that sustainable value springs only from an expert understanding of the customer s industry its structure and its strategy The book covers all critical aspects of the topic the planning process account selection team building executive support global IT requirements compensation structures and more and draws on interviews with top global account managers at leading companies including IBM Cable and Wireless Siemens HP Guinness Cisco and Procter Gamble The Guardian Index ,2003 **Watchdog: The Consumer Survival Guide** Matt Allwright,2020-08-20 Matt Allwright is my idol As a comic I m supposed to say something funny about this book but actually it s legit useful helpful advice written compassionately and clearly I can absolutely see this becoming my consumer bible Wonderful stuff JOE LYCETT Every scam rogue trader or poor excuse for shoddy service Watchdog s seen them all And leading the troops is the consumer superhero who has faced and fought every dodgepot going Our Matt always has your back whether he s wearing his cape or not STEPH MCGOVERN Finally A book that puts all the info in one place AND makes it funny Matt is the best at this making difficult stuff easy to swallow so that we can fight our own corners when he isn t there to fight them for us GABY ROSLIN Keep your money in your pocket In Watchdog The Consumer Survival Guide Matt Allwright will help you to help yourself amid the minefield of modern consumer rights and fraudsters offering practical advice on how to sidestep pitfalls in all areas of life Each chapter is built around relatable hurdles we all face renting a flat buying a car securing our online data booking a dream holiday and much more Packed with useful tips myth busters and case studies Watchdog The Consumer Survival Guide will leave you feeling empowered and save you some pennies along the way **Consumer Sourcebook** ,2005 **The Chemical Warfare Service** Leo P. Brophy,Wyndham D. Miles,Rexmond Canning Cochrane,2010 This volume the second in a series of three devoted to the Chemical Warfare Service CWS in World War II now the Chemical Corps covers research development procurement and distribution of chemical warfare materiel It

traces the history of these activities from the World War I period when the CWS was activated to supervise the offensive and defensive aspects of gas warfare throughout the Army until the end of World War II The first volume in the series Organizing for War discusses the development of the CWS organization and mission as well as personnel management and military training The third volume entitled Chemicals in Combat will deal with the chemical warfare activities in the theaters of operations In treating research and development the present volume concentrates on CWS projects that proved of greatest significance to the armed forces during World War II It attempts to point up the problems that arose in course of research and development and to indicate the solutions which the scientists hit upon Since research and development in the zone of the interior was closely related to research and development in the theaters of operations the volume covers activities in both areas In contrast to research and development procurement and distribution differed considerably as between the zone of the interior and the theaters of operations in the theaters these activities were closely associated with the commanders combat responsibilities The volume therefore confines itself to a review of procurement and distribution in the zone of the interior leaving narration of theater activities to the volume Chemicals in combat
