Saba, and Kathleen A. McCormick, presenting teaching modules for all major chapters with content outlines, teaching tips, class preparation ideas, review questions, answers, explanations, and online PowerPoint slides to aid understanding and retention of all major concepts covered in *Essentials of Nursing Informatics*, 6th Edition.

Exam Prep Dr. Ben Hirst, Performance Training Systems, 2011 **Adverse Impact and Test Validation** Dan Biddle, 2017-05-15

Adverse impact analyses and test validation promote social justice and equity. Employers who unknowingly use invalid tests or recruitment procedures that have an adverse impact are reducing minority and/or female representation in their workforce, unfairly screening out qualified workers, and worst of all, just plain discriminating. Dan Biddle's *Adverse Impact and Test Validation* provides you with analyses that allow you to identify which of your selection procedures have

adverse impact The validation steps will help you decide whether to keep the selection procedure because it s valid change it or stop using it altogether This second edition contains new material on using multiple regression to evaluate pay practices and provides step by step instructions for using SPSS or Excel for evaluating your company s pay practices for possible inequities New content on how to define Internet applicants and set up defensible Basic Qualifications BQs for online recruiting will help employers ensure compliance with EEO regulations and screen in qualified applicants Specific guidelines for developing and validating written job knowledge tests such as those used for police and fire promotional testing have also been included in this new edition The downloadable resources include tools which may be used on a trial evaluation basis describing several of the functions described in the book including Adverse Impact Toolkit Test Validation and Analysis Program TVAP Guidelines Oriented Job Analysis GOJA Manual and Content Validity Checklists This highly pragmatic guide goes beyond the concepts theories and ideas behind adverse impact and test validation It not only explains what to do but crucially also shows you how to do it The second edition has been expanded to include two brand new chapters with a new Appendix and comes with new editions of the accompanying software As a means of protecting your organization from litigation damage to employee relations and to your corporate reputation Adverse Impact and Test Validation is a must have purchase for human resource professionals testing and recruitment specialists
