Goal Setting Bulletin Boards:

GOALS Setting & Realisation ,2011-04-23 Goal setting is a powerful process for thinking about your ideal future and for motivating yourself to realize this vision of the future converting it to reality Think about where you want to go in life These are your lifetime goals Once you know what you want to achieve you can plan where to focus your efforts You will quickly spot the distractions that will sidetrack you Properly set goals can be incredibly motivating and as you get into the habit of setting and achieving goals you will find your self confidence building as well It is important to remember that your goals will change over time Feed lessons learnt back into your goal setting programme Adjust the goals regularly to reflect growth in your knowledge and experience When some goals no longer hold your interest consider letting them go If you do not already set goals consider doing so now Once you make this technique a part of your life skills you will wonder how you lived without it
