## **God S Inspiration Of The Scriptures:**

*God's Inspiration of the Scriptures* William Kelly, 2007 William Kelly 1821 1906 was an outstanding classical scholar in his generation preacher teacher editor of several influential religious magazines and of John Nelson Darby's Collected Writings and a prolific author in his own right He was a major figure in the late nineteenth century return to basic biblical teaching usually known as the Brethren movement often seen as the cradle of dispensationalism A Canadian contemporary described him as second only to Mr Darby in knowledge of the Truth and first in ability to state the Truth clearly A frequent lecturer he subsequently revised and published many of his lectures in book form His familiarity with the original languages of the Bible led to well researched expositions of both Old and New Testament books which were widely read and highly regarded by Christians in his own time and still today With a genius for exposition he combines scholarship and spirituality so that his readers gain a real sense of his unrestrained love for the Lord of whom the inspired pages of scripture speak This book exhibits with unanswerable faith and proof the perfection of Divine revelation It considers the great subject of the Inspiration of the Bible under the main headings of Divine Authority Apostolic Doctrine Its Uniformity The Human Element and Divine Design The latter topic which occupies the major part of the book consists of an introduction to each book of the Bible in turn demonstrating the evidence of its inspiration and relating it to the inspired themes of the whole The author's purpose in writing the book was to present the positive proofs that God speaks in it the Bible to every conscience and heart more particularly of Israel in the Old Testament and of the Christian in the New He shows us that one directing Author presides over each several part imparting a special character to it and at the same time causing all to contribute to the common purpose of revealing His counsels of glory and His ways of grace while fully making known the weakness or the wickedness of the creature in resisting His will and doing its own William Kelly's desire was that this work should be of help to the spiritual understanding of all who value the Bible from beginning to end *The Divine Inspiration of the Bible* Arthur Pink,

**The Inspiration of Scripture** Paul J. Achtemeier, 1980 Christians generally agree that the Scriptures are inspired and that this doctrine is of basic importance But how is the doctrine of inspiration to be understood and what does it mean for our Christian faith Paul Achtemeier shows how recent knowledge of the way the Scriptures were formed raises problems in regard to the traditional understanding of inspiration In response he presents possibilities for a new approach to inspiration that is compatible with recent critical discoveries and allows the Bible to continue to play a meaningful role He deals with liberal and conservative views specific contradictions in the Bible and what the Bible says about itself A perceptive study The Inspiration of Scripture proposes a view of inspiration that makes sense for today and probes its implications for the believer and the believing community *Inspiration and Authority* Paul J. Achtemeier, 1999 In an evaluation of the Scriptures as the word of God inspiration is an essential element The long Protestant experience with this issue is both fruitful and painful for many have drawn false conclusions from the justified belief in inspiration Paul Achtemeier is a first rate scholar who

combines scientific investigation with faith and his sensitivity and honest make this a most useful book for all interested in the Bible A better practical book on the subject would be hard to find Raymond E Brown former Auburn Distinguished Professor Emeritus Union Theological Seminary New York if Achtemeier s book reaches that large body of Christians looking for a nonfundamentalistic doctrine of Scripture it could play a major role in creating a framework for them He comes across as possessing a deep love and respect for the Bible and for the Lord and eager for people to place their minds and lives beneath its authority He offers us in the end of the doctrine of a covenantal Scripture given by God to his people for their edification and renewal a dynamic document which can perform this service two thousand years after its completion confronting us with God s Word for our situation through the power of the Spirit I am highly grateful for this book and recommend it highly to others Clark H Pinnock Professor of Theology McMaster Divinity College *Bible Inspiration, Preservation, and Authority: The Bible as God's Revelation* David Pratte,2019-10-15 A study of what the Bible itself says about its inspiration preservation and authority Scripture as a complete and perfect religious guide Topics included are The Inspiration of the Bible The Historical Nature of Bible Accounts The Preservation of the Bible The Need for Bible Authority The Authority of Bible Examples and Necessary Inferences The Authority of the Old Testament Today Direct Guidance of the Holy Spirit Today Human Creeds or Majority Rule Let Your Conscience or Emotions Be Your Guide Church Traditions

Hand Sr.,2022-05-04 Firstly the objective of that research was to assess the actions of the Civil Rights and the

Progressive National Baptist Convention Inc PNBC movements Based on 37 returns to a questionnaire of 39 reduced to 24 identified key criteria e mailed to 158 persons across the country with forwarding permission 92% of the respondents indicated that they either agreed or strongly agreed that the actions of the Civil Rights and PNBC movements were inspired of by God Additionally this research identified some serious concerns and issues that each movement mainly PNBC has to address if each will continue to exist survive Secondly the objective of that research was to document our history through our struggles through our pains and gains through our good times and bad times through the ups and the downs in other words good bad or indifferent it is what it is our story his story not their story Rev Dr Herbert D Daughtry Sr constantly admonished us to make history to interpret history and to record history or something to that effect and not necessarily in that order When we do not do it ourselves in an accurate precise truthful etc manner then others will tell their story which nine out of ten times usually is not accurate precise truthful etc The old prophet acclaimed And the LORD answered me and said Write the vision and make it plain upon tables that he may run that readeth it Habakkuk 2 2 Thirdly and lastly the objective of that research was to share information that we do not want to be locked in our minds only to take it to the so called grave Many persons who were super knowledgeable as I define it about so many things that could have blessed the world took that super valuable information to the grave what a tremendous lost As an aside the lost is on multiple levels Level one we lost them Level two we lost what they did not share with us while they were alive Level three we lost the value of that buried information That is someone could have taken that information and transformed it to new information For example Dr Gabriel A Oyibo solved the Unified Field Theorem that Albert Einstein did not live long enough to solve So many things evolved from solving that equation Just think what would have happened to those many things that evolved from solving that equation if Dr Oyibo would not have solved that theorem All those many things that evolved from solving that equation would not be in existence Level four those persons who took from those many things that evolved from solving that equation and incorporated that value into what they were doing Etc etc etc The number of these levels conceivably and theoretically approaches infinity That is there is no end to the theoretical lost when just one person does not bless the world with their knowledge wisdom and understanding

civilization there is no doubt The advances in computer technology communication and science have improved the quality of our lives But fundamentally at the core the desires and motivations of humans remain the same and it is to this that the Bible speaks most clearly However interpreting the Bible requires intellectual curiosity commitment and a desire to discover truth Finding God In Scripture will equip you to better understand the nature of the Bible s message and the dynamics of how to interpret it For example just like today s modern writers biblical authors used various literary techniques such as the complexities associated with plot and characterization in narrative or the use of poetry evoking emotions These literary techniques were intended to convey God s message and involvement in the world Finding God In Scripture will show you that there is more to the Bible than the communication of historical information there is a reality a truth that can transform your life
