The Neo-Orthodox Theology of W.W. Bryden John A Vissers,2011-11-24 Walter W Bryden was Principal of Knox College Toronto after the Second World War and one of the leading Presbyterian theologians of the period from the 1920s to the 1950s In *The Neo Orthodox Theology of W W Bryden* John Vissers makes an important contribution by analysing Bryden s thought placing it in the context of contemporary European and American theology Vissers emphasises in particular Bryden s role in introducing and popularising the ideas of Karl Barth in North America prior to the translation of Barth s *Commentary on Romans* into English and his Neo Orthodox theology owed much to Barthian ideas In his most

important work *The Christian's Knowledge of God* Bryden challenged the modernist emphasis on the rational arguing for a Christocentric doctrine of Revelation. Viissers brings a wealth of scholarship and research to his subject revealing Bryden's pivotal role in the development of neo orthodoxy within the Protestant tradition in North America a role that previous studies have often failed to explore.

God and Nature David C. Lindberg, Ronald L. Numbers, 1986 Since the publication in 1896 of Andrew Dickson White's classic *History of the Warfare of Science with Theology in Christendom* no comprehensive history of the subject has appeared in the English language. Although many twentieth century historians have written on the relationship between Christianity and science and in the process have called into question many of White's conclusions the image of warfare lingers in the public mind. To provide an up to date alternative based on the best available scholarship and written in nontechnical language the editors of this volume have assembled an international group of distinguished historians. In eighteen essays prepared especially for this book these authors cover the period from the early Christian church to the twentieth century offering fresh appraisals of such encounters as the trial of Galileo the formulation of the Newtonian worldview the coming of Darwinism and the ongoing controversies over scientific creationism. They explore not only the impact of religion on science but also the influence of science and religion. This landmark volume promises not only to silence the persistent rumors of war between Christianity and science but also serve as the point of departure for new explorations of their relationship. Scholars and general readers alike will find it provocative and readable.

The Last Days according to Jesus R. C. Sproul, 2015-10-06 A trusted theologian analyzes what Jesus said about his return and the last days.

Theology as the Science of God Ximian Xu, 2022-06-13 The revival of Calvinism in the nineteenth century Netherlands entailed the neo Calvinist movement. With Abraham Kuyper Herman Bavinck became a brand name of neo Calvinism. Nonetheless not until the first decade of the twenty first century was scholarly interest in Bavinck's work increasing. The conventional two Bavincks model used to read his work for much of the twentieth century argues that some contradictory and irreconcilable themes do exist in Bavinck's system which makes Bavinck a self contradictory thinker. This dualistic reading characterised most of Bavinck scholars in the second half of the twentieth century. Since James Eglinton's new reading of Bavinck's organic motif the conventional model became untenable and scholars are seeking for a reunited Herman Bavinck. Bavinck as a holistic theologian has become the industry standard of Bavinck studies. Ximian Xu aims on the one hand to maintain one Bavinck on the other hand and more importantly to fill in a notable gap in Bavinck scholarship that is no single work hitherto has focused on Bavinck's idea of theology as the wetenschap science of God. This study demonstrates that the idea of scientific wetenschappelijke theology furnishes the meta paradigm and cardinal model that incorporates the fundamental characteristics and themes of Bavinck's dogmatic system. Moreover it argues that Bavinck's scientific theology makes an attempt to engage with the other sciences. Given this Bavinck's scientific theology is relevant today. That is Bavinck's theological insights can be deployed to advance theology's engagement with the other sciences in contemporary secular

universities Speaking Together and with God John S. McClure, 2018-04-09 Ours is a time of unprecedented pessimism regarding the possibility of achieving consensus around moral issues Christian liturgical practices which are grounded in a communicative economy of love and mercy contain wisdom that might be of significant help What difference might it make if we confessed sin learned epistemic humility worked at overcoming self deception interceded for others learned to go beyond empathy to compassion and advocacy for the well being of all persons became willing to look beyond the possible for solutions etc and learned from the best homiletical practices how to justify and apply moral positions within an ethic of hospitality and care Speaking Together focuses on the roles that liturgical practices play in promoting genuinely communicative understanding oriented forms of action and explores how liturgical practices contribute to sincere multi perspectival empathetic and truth seeking conversations regarding moral norms in an increasingly pluralistic world What this means is that our liturgical practices are a way of speaking together and this shapes how we organize and inhabit a shared social life *God's New Man* Paul Collins, 2005-10-20 The dramatic events leading up to the appearance of white smoke over the Vatican and the public declaration from the balcony of St Peters Habemus Papam has been the most remarkable yet in the election of any Pontiff The demise of Pope John Paul II was anticipated ever since he was rushed to Gemelli hospital on February 1st Now he has died the legacy of this outstanding Pontiff is already the matter of fierce debate A number of his closest advisers like Cardinals Ratzinger and Sodano are already fairly powerless as the Conclave has chosen a Pontiff more interested in the North South axis than that of East West The final part of this important new book is an in depth profile of the new Pope His Holiness Pope XXX The middle part of the book is an account of the Conclave the politicking and the jockeying for position But it also contains character sketches of those who have been serious contenders for the See of Peter Cardinal Walter Kasper Cardinal Tettramanga of Florence Cardinal Christoph von Schonborn of Vienna Cardinal Arinze of Nigeria Cardinal Claudio Hummes of Sao Paolo and Cardinal Rodriguez Madariaga of Honduras There is also a sketch of some of the complete outsiders Nobody could be more suited that Paul Collins to write this incisive and informative account he has already published books on the History of the Papacy **How Would We Know What God is Up To?** Ernst M. Conradie, Cynthia Moe-Lobeda, 2023-03-01 This second volume in the series on An Earthed Faith will address the following question Given what we know about the Anthropocene how does one even begin to answer the question What is this God up to and how ought humans respond This is a question of theological method including the sources and interlocutors of Christian theology its aims and starting points social theories shaping it and presuppositions grounding it Addressing this question is the classic task of doing contextual theology namely describing and analysing a particular context and considering how this context may best be addressed theologically and practically The question highlights the need for prophetic theology to discern the signs of the time to recognise a moment of truth Kairos and to discern counter movements of the Spirit The question of method opens the door to constructive critique of how theology has been done and should be

done **God and Caesar** George Pell, 2007-10 Drawing on a deep knowledge of history and human affairs the essays pinpoint the key issues facing Christians and non believers in determining the future of modern democratic life *Quoting God* Claire Badaracco, 2005 *Quoting God* charts the many ways in which media reports religion news how media uses the quoted word to describe lived faith and how media itself influences and is influenced by religion in the public square The volume intentionally brings together the work of academics who study religion as a crucial factor in the construction of identity and the work of professional journalists who regularly report on religion in an age of instant and competitive news This book clearly demonstrates that the relationship between media culture and spiritual culture is foundational and multi directional that the relationship between news values and religion in political life is influential and that the relationship amongst modernity belief and journalism is pivotal **God's New Israel** Conrad Cherry, 2014-02-01 The belief that America has been providentially chosen for a special destiny has deep roots in the country's past As both a stimulus of creative American energy and a source of American self righteousness this notion has long served as a motivating national mythology *God's New Israel* is a collection of thirty one readings that trace the theme of American destiny under God through major developments in U S history First published in 1971 and now thoroughly updated to reflect contemporary events it features the words of such prominent and diverse Americans as Jonathan Edwards Thomas Jefferson Brigham Young Chief Seattle Abraham Lincoln Frances Willard Martin Luther King Jr Malcolm X Ralph Reed and Rosemary Radford Ruether Neither a history of American religious denominations nor a history of American theology this book is instead an illuminating look at how religion has helped shape Americans understanding of themselves as a people *God, Rights, Law and a Good Society* Peter Herrmann, 2012-08 Recent debates on and around the economic crisis frequently highlighted the issue of rights social rights fundamental rights and human rights and not least the question of ethics and politics Politics and ethics are surely a major issue both part of a complex hegemonic system And equally important is to think about rights on the said level in more complex ways seeing them not as static or simply developing in a linear way towards any kind of an absolute idea Equally misleading is thinking about rights in terms of relativism leaving their definition to discourses and making them negotiable The present author bringing different perspectives from social policy social work and economics together and drawing on extensive experiences from different regions of the world aims on overcoming both relativist and moralist stances Not least this continues the elaboration from the first chapter of the previous volume of the *Writings on Philosophy and Economy of Power the Prolegomena in the New Princedoms* published 2011 at Rozenberg Amsterdam One important aim of this second volume of the *Writings on Philosophy and Economy of Power* is to localise the changes of the current mode of regulation in a more fundamental way emphasising the need to elaborate the changes of the political economy The guiding question can be spelled out in a nutshell Do we face a new renaissance **The Wound and the Stitch** Loretta Victoria Ramirez, 2024-05-23 *The Wound and the Stitch* traces a history of imagery and language centered on the concept of woundedness and the

stitching together of fragmented selves Focusing particularly on California and its historical violences against Chicana bodies Loretta Victoria Ramirez argues that woundedness has become a ubiquitous and significant form of Chicana self representation especially in late twentieth century print media and art Ramirez maps a genealogy of the female body from late medieval Iberian devotional sculptures to contemporary strategies of self representation By doing so she shows how wounds metaphorical physical historical and linguistic are inherited and manifested as ongoing violations of the body and othered forms of identity Beyond simply exposing these wounds however Ramirez also shows us how they can be healed or rather stitched Drawing on Mesoamerican concepts of securing stability during lived turmoil or *nepantla* Ramirez investigates how creators such as Cherr e Moraga Renee Tajima Pe a Guillermo G mez Pe a and Amalia Mesa Bains repurpose the concept of woundedness to advocate for redress and offer delicate ephemeral moments of healing Positioning woundedness as a potent method to express Chicana realities and transform the self from one that is wounded to one that is stitched this book emphasizes the necessity of acknowledgment and ethical restitution for colonial legacies It will be valued by scholars and students interested in the history of rhetorics twentieth century Chicana art and Latinx studies **Herald and Presbyter** ,1907 *Walking on the Pages of the Word of God* Aron Engberg,2019-10-07 In *Walking on the Pages of the Word of God* Aron Engberg explores the religious language and identities of evangelical volunteer workers in contemporary Jerusalem The volunteers are connected to Christian organizations which consider their work a natural consequence of the biblical promises to Israel and their responsibility to bless the Jewish people Relying on ethnographic data of the discursive practices of the volunteers the book explores a central puzzle of Zionist Christianity the narrative production of Israel s religious significance and its relationship to broader Christian language traditions By focusing on the volunteers stories about themselves the land and the Bible Aron Engberg offers a convincing account about how the State of Israel is finding its way into evangelical identities **The Book of Psalms** Nancy L. deClaissie-Walford,Rolf A. Jacobson,Beth LaNeel Tanner,2014-12-12 This work by Nancy deClaissie Walford Rolf Jacobson and Beth Tanner is the most complete and detailed one volume commentary available on the Psalms Significantly the volume reflects the combined insights of three superior younger biblical scholars DeClaissie Walford Jacobson and Tanner offer a succinct introduction to the Psalter a new translation of all the psalms that takes special account of the Dead Sea Scrolls and individual entries on each psalm unit Throughout the book they draw on state of the art research on the canonical shape and shaping of the Psalter and evidence a nuanced attention to the poetic nature of the psalms **God and Hamilton** Kevin Cloud,2018-06-07 Discover Spiritual Truths from the Smash Broadway Hit *Hamilton* that Will Transform Your Life *Hamilton* the hip hop musical about a forgotten Founding Father is the most compelling musical of our time But if you watch it without understanding the spiritual themes of Alexander Hamilton s life you only get half the story Discover how *Hamilton* is a modern day parable that will Lead you into a deeper experience of God s grace Help you battle guilt and shame Challenge you to forgive Inspire your faith Engage you in

the struggle for human equality God and Hamilton impressively weaves together insights from the musical itself the lives of Alexander and Eliza Hamilton and the story of Scripture into a tapestry that challenges people of faith to reexamine their lives God and Hamilton turned me inside out and revealed a side of Hamilton I had never thought to explore LAUREN BOYD HAMILTON BROADWAY CAST A wonderful example of drawing from contemporary culture to understand how God works I cannot recommend it more highly MIKE BREEN A bold and creative exploration of the themes in life that matter most In this beautiful book Kevin Cloud helps us see listen and open to the all consuming love God pours out to us PHILEEN HEUERTZ For all who struggle with doubt depression and despair God and Hamilton offers an inspiring way forward Kevin Cloud s book made my heart sing CRAIG DETWEILER In this book Kevin portrays a wonderful example of how you can draw from contemporary culture to understand how God works with us on our own heroic journeys I found his emphasis on God s grace and faithfulness particularly inspiring and think that all who read it will come away with a better understanding of the challenges we all face I cannot recommend it more highly Mike Breen Founder of 3DM Author of Building a Discipling Culture Covenant and Kingdom and Family on Mission A bold and creative exploration of the themes in life that matter most If we have the eyes to see and the ears to hear we will notice God everywhere In this beautiful book Cloud helps us see listen and open to the all consuming love God pours out to us Phileena Heuertz author of Pilgrimage of a Soul Contemplative Spirituality for the Active Life and founding partner Gravity a Center for Contemplative Activism How did Alexander Hamilton overcome a tragic and shame filled childhood Kevin Cloud celebrates the amazing grace that propelled Hamilton to become a key architect of our fledgling democracy For all who struggle with doubt depression and despair God and Hamilton offers an inspiring way forward Kevin Cloud s book made my heart sing Craig Detweiler President The Seattle School of Theology and Psychology C S Lewis once lamented that people too often fail to appreciate the real and serious glory of even the most dull and uninteresting human life that if we could ever truly glimpse the beauty of a normal everyday person s story we might actually be tempted to worship them In God and Hamilton Kevin Cloud offers precisely this kind of appreciative glimpse into the life of Alexander Hamilton These pastoral reflections upon a life that was anything but dull and uninteresting are sure to inspire Read this book and catch a new imagination for what it means to be human Tim Suttle pastor and author of Shrink Faithful Ministry in a Church Growth Culture A Note from the Author I will never forget the moment I saw Lin Manuel Miranda s Hamilton An American Musical on Broadway I walked out of the Richard Rogers Theatre that night knowing that I had seen a ground breaking and brilliant Broadway musical I also knew that Hamilton somehow become for me a deeply spiritual experience I soon discovered that I was not the only one I read so many reviews and watched so many interviews where people spoke of Hamilton as a life changing experience Rosie O Donnell even went so far as to call it medicine that I need for my soul It is vital to me it feels like going to church In writing this book I have come to see Hamilton as a story that will transform our lives A story that teaches us about grace shame forgiveness and despair A story that invites

us into the struggle for equality and challenges us to partner with God in his ultimate goal of bringing redemption to His creation I pray that this story which intersects insights from the musical the lives of Alexander and Eliza Hamilton and the story of Scripture might transform your life as well The Church of England and the Second World War John D. Alexander, 2025-08-28 In The Church of England and the Second World War John D Alexander analyses how historic Christian ethical traditions influenced the Church of England s contributions to British pre war and wartime public policy debates These traditions include just war holy war pacifism and Christian realism as deployed by such diverse Anglican figures as Cosmo Gordon Lang William Temple Herbert Hensley Henson George Bell Cyril Forster Garbett Charles Raven Percy Hartill Evelyn Underhill Vera Brittain and James Parkes Additional themes include war as divine judgement humanitarian intervention and Church of England responses to the Holocaust As a case study in the application of Christian ethical traditions this book makes vital connections between Anglican studies international relations theory and the diplomatic military and humanitarian challenges of the mid twentieth century
