God's Mother, Eve's Advocate Tina Beattie, 1999

God's Mother, Eve's Advocate Tina Beattie, 2002-12-01 Tina

Beattie has written a stunning book on the theology of woman Her stated objective is to discern the place of the female body in the Christian story of salvation and she has done so from the very heart of Christian stylisations of the female the figures of Mary and Eve Beattie has pursued her subject with the aid of French psychoanalytic feminism these writers are preoccupied as is Catholic theology with questions of language and symbolism But she deliberately puts herself at odds with neo orthodoxy and feminist liberal theology she believes that theologians like von Balthasar depart from the best Patristic tradition of Marian theology with disastrous effect Nor does she offer any solace to the Marina Warners of this world in a book which is strong in defence of classical Marian theology She defends with passion and theological insight not only the Virgin Birth the Immaculate Conception and the Assumption but also the perpetual virginity of Mary Virginal desire according to Beattie need not be seen negatively but as an affirmation of the integrity of women s desire before God in a way not dependent on the phallus nor reducible to genitality

Original Grace Mary Aquin O'Neill RSM, 2023-02-28 O'Neill s

Original Grace provides a fresh analysis of biblical texts and explores the rich tradition and development of Marian devotion liturgical prayer artwork and dogma It invites the reader to discover how our capacity for biblical and theological understanding matures over time correcting our perception of Mary the second Eve and the mother of Jesus the Christ and of the place and role of women in church and society This exhilarating book reveals the benefit that courageous questioning can bring to the church s self understanding and to the vital relationships between women and men In it we gently discover that a wise and good God is our Creator affirming us in our gendered humanity still slowly teaching us what went on in Eden in Nazareth and on Calvary

A Cultural Study of Mary and the Annunciation Gary Waller, 2015-10-06 This book traces the

history of the Annunciation exploring the deep and lasting impact of the event on the Western imagination Waller explores the Annunciation from its appearance in Luke s Gospel to its rise to prominence in religious doctrine and popular culture and its gradual decline in importance during the Enlightenment

The Disappearance of Eve and the Gender of Christ

Kevin Carnahan, 2025-04-15 After hundreds of years during which Eve was blamed for originating sin St Paul removed her from the narrative of the fall to create a one man one woman typology between Adam as the origin of sin and Christ as the source of salvation This disappearance created a theological problem Eve fell outside the narrative of sin and salvation Early Christians sensing the lack in Paul s formula created an alternative typology between Eve the mother of all the living and Mary the mother of Jesus Eventually early theologians attempted to solve the soteriological problem Eve posed by coordinating these two typologies This solution however produced a further dilemma Either Mary had to be posited as a second savior or the salvation offered to Eve in the revised scheme had to be second class Neither option is theologically acceptable The Disappearance of Eve and the Gender of Christ proposes a solution to this problem It revises Paul s original

formula and with it a set of common claims about Christ's sex and gender. It accepts Christ as the new Adam and the new Eve and accepts that Christ is theologically speaking trans. Carnahan offers a new theology of sex and gender as a calling within a context of responsibility as a framework for making sense of Eve, Christ and ourselves. He shows how from first century Roman culture to medieval mystical experience and into our own time there exists a long tradition of seeing Christ as transgressing and even transitioning across sex and gender boundaries. *Women and the Gender of God* Amy

Peeler, 2022-10-04 A robust theological argument against the assumption that God is male. God values women. While many Christians would readily affirm this truth, the widely held assumption that the Bible depicts a male God persists as it has for centuries. This misperception of Christianity not only perniciously implies that men deserve an elevated place over women but also compromises the glory of God by making God appear to be part of creation, subject to it and its categories rather than in transcendence of it. Through a deep reading of the incarnation narratives of the New Testament and other relevant scriptural texts, Amy Peeler shows how the Bible depicts a God beyond gender and a savior who, while embodied as a man, is the unification in one person of the image of God that resides in both male and female. Peeler begins with a study of Mary and her response to the annunciation through which it becomes clear that God empowers women and honors their agency. Then Peeler describes from a theological standpoint how the virgin birth of Jesus, the second Adam, reverses the gendered division enacted in the garden of Eden. While acknowledging the significance of the Bible's frequent use of Father language to represent God as a caring parent, Peeler goes beneath the surface of this metaphor to show how God is never sexualized by biblical writers or described as being physically involved in procreation, making the concept of a masculine God dubious at best. From these doctrinal centers of Christianity, Peeler leads the way in reasserting the value of women in the church and prophetically speaking out against the destructive idolatry of masculinity. Unknown God John Hughes, 2013-04-10 What is the so-called New Atheism? The first decade of the twenty-first century has witnessed a cluster of authors who have attained public notoriety through their mockery of religion and their popularizing of atheism. How should Christians and other believers understand and respond to this aggressive attack on their faith? In this collection of sermons, leading academic theologians and philosophers who have written about the New Atheists seek to sum up their thinking and help us make sense of this contemporary phenomenon and offer a richer and more sophisticated account of what belief in God is really about. **God Is Not a White Man** Chine McDonald, 2021-05-27 Shortlisted for the

2023 Michael Ramsey Prize. What does it mean when God is presented as male? What does it mean when, from our internal assumptions to our shared cultural imaginings, God is presented as white? These are the urgent questions Chine McDonald asks in a searing look at her experience of being a Black woman in the white majority space that is the UK church, a church that is being abandoned by Black women, no longer able to grin and bear its casual racism, colonialist narratives and lack of urgency on issues of racial justice. Part memoir, part social and theological commentary, *God Is Not a White Man* is a must

read for anyone troubled by a culture that insists everyone is equal in God's sight yet fails to confront white supremacy a lament about the state of race and faith and a clarion call for us all to do better This book is much needed medicine for a sickness that we cannot ignore The Most Rev Michael B Curry *Re-visioning Gender in Philosophy of Religion* Pamela Sue Anderson, 2017-10-24 A passion for justice and truth motivates the bold challenge of *Revisioning Gender in Philosophy of Religion* Unearthing the ways in which the myths of Christian patriarchy have historically inhibited and prohibited women from thinking and writing their own ideas this book lays fresh ground for re-visioning the epistemic practices of philosophers Pamela Sue Anderson seeks both to draw out the salient threads in the gendering of philosophy of religion as it has been practiced and to re-vision gender for philosophy today The arguments put forth by contemporary philosophers of religion concerning human and divine attributes are epistemically located yet the motivation to recognize this locatedness has to come from a concern for justice This book presents invaluable new perspectives on the philosopher's ever increasing awareness of his or her own locatedness on the gender often unwittingly given to God the ineffability in both analytic and Continental philosophy the still critical role of reason in the field the aims of a feminist philosophy of religion the roles of beauty and justice the vision of love and reason and a gendering which opens philosophy of religion up to diversity

Body-Poetics of the Virgin Mary Jane Petkovic, 2021-05-25 The Judeo Christian scriptures understand humans as being made in the image of God What exactly does this mean Basic agreement is that it means humans can only know and understand themselves in relation to God If however this God is pure uncreated spirit where does human embodiment fit in Is it an obstacle to understanding Or is it in some way instructive John Paul II comes down decisively in favor of the body's value and importance In his catechetical series widely known as the *Theology of the Body* John Paul II analyzes what is distinctive about human beings He undertakes a reading of the body This book reflects on John Paul II's interpretation extending his findings to the Virgin Mary Her specifically female maternal body is seen to offer insights into how the body images God in how it speaks The transformations of the female body parallel the transformations of language in poetry The reconfigurations and accommodations of the gestational body are this book suggests poetic incarnations of God likeness *Body Poetics of the Virgin Mary* offers a Mariological slant on theological anthropology and a new way to think of how humans poetically image God *The New Catholic Feminism* Tina Beattie, 2004-06-01 It is hard to over estimate the challenge that feminism poses to Roman Catholicism Pope John Paul II's call for a new feminism has led to the development of a Catholic theological response to the so called old feminism The *New Catholic Feminism* sets up a dramatic encounter between the orthodox Catholic establishment and contemporary critical theory including feminist theology and philosophy queer theory and French psycholinguistics in order to explore fundamental questions about human identity personhood and gender From the naked bodies of Eden to the gay nuptials of liturgy it argues that the strange and volatile world of Catholic sexual symbolism cannot be tamed to meet the ideological agendas of either feminist theology or conservative Catholicism Only

through a radical re evaluation of the sacramental significance of the sexed human body might the Catholic Church provide a redemptive response to the sexual politics of contemporary society New Catholic Feminism Tina Beattie,2006 It is hard to over estimate the challenge that feminism poses to Roman Catholicism Pope John Paul II s call for a new feminism has led to the development of a Catholic theological response to the so called old feminism The New Catholic Feminism sets up a dramatic encounter between the orthodox Catholic establishment and contemporary critical theory including feminist theology and philosophy queer theory and French psycholinguistics in order to explore fundamental questions about human identity personhood and gender From the naked bodies of Eden to the gay nuptials of liturgy it argues that the strange and volatile world of Catholic sexual symbolism cannot be tamed to meet the ideological agendas of either feminist theology or conservative Catholicism Only through a radical re evaluation of the sacramental significance of the sexed human body might the Catholic Church provide a redemptive response to the sexual politics of contemporary society Mariology at the Beginning of the Third Millennium Kevin Wagner,M. Isabell Naumann,Peter John McGregor,Paul Morrissey,2017-04-24 Since the Second Vatican Council the place of Mary in theology and generally in the life of the Church has been at times muted This is perhaps understandable given the debates concerning Mary s place in the documents of Vatican II In an ecumenical age it was argued the church needed a less triumphalist Mariology and piety with a greater focus on Mary as model disciple In certain respects this has led to a dichotomy between the continued Marian piety of many faithful and truth be told the piety of the post conciliar popes and a theological timidity concerning Mary This collection of chapters seeks to address the current situation of Mariology Taken as a whole these chapters represent a welcome call for renewal and reawakening in Mariology The collection is also delightfully eclectic both in terms of topics covered and in terms of the denominational and academic backgrounds of the authors **Children in the Bible and the Ancient World** Shawn W. Flynn,2019-03-29 The topic of children in the Bible has long been under represented but this has recently changed with the development of childhood studies in broader fields and the work of several dedicated scholars While many reading methods are employed in this emerging field comparative work with children in the ancient world has been an important tool to understand the function of children in biblical texts Children in the Bible and the Ancient World broadly introduces children in the ancient world and specifically children in the Bible It brings together an international group of experts who help readers understand how children are constructed in biblical literature across three broad areas children in the Hebrew Bible and the Ancient Near East children in Christian writings and the Greco Roman world and children and materiality The diverse essays cover topics such as vows in Ugarit and the Hebrew Bible obstetric knowledge infant abandonment the role of marriage Greek abandonment texts ritual entry for children into Christian communities education sexual abuse and the role of archeological figurines in children s lives The volume also includes expertise in biological anthropology to study the skeletal remains of ancient children as well as how ancient texts illuminate Mary s female maturity The volume is written in an accessible style

suitable for non specialists and it is equipped with a helpful resource bibliography that organizes select secondary sources from these essays into meaningful categories for further study Children in the Bible and the Ancient World is a helpful introduction to any who study children and childhood in the ancient world In addition the volume will be of interest to experts who are engaged in historical approaches to biblical studies while appreciating how the ancient world continues to illuminate select topics in biblical texts *Mary, Bearer of Life* Christopher Cocksworth,2023-05-31 Whether through suspicion or ignorance serious consideration of what Mary can teach us has been lacking in large swathes of the church for some time Drawing on careful biblical exegesis church history and ecumenical thinking this book suggests how a serious understanding of Mary might influence our ethical thought and considers some of the key theological tensions at the heart of the church s engagement with Mary **Female Personalities in the Qur'an and Sunna** Rawand Osman,2014-10-03 This book investigates the manner in which the Qur an and sunna depict female personalities in their narrative literature Providing a comprehensive study of all the female personalities mentioned in the Qur an the book is selective in the personalities of the sunna examining the three prominent women of ahl al bayt Khadija Fatima and Zaynab Analysing the major sources of Imami Shi i Islam including the exegetical compilations of the eminent Shi i religious authorities of the classical and modern periods as well as the authoritative books of Shi i traditions this book finds that the varieties of female personalities are portrayed as human beings on different stages of the spiritual spectrum They display feminine qualities which are often viewed positively and are sometimes commendable traits for men at least as far as the spiritual domain is concerned The theory particularly regarding women s humanity is then tested against the depiction of womanhood in the hadith literature with special emphasis on Nahj al Balagha Contributing a fresh perspective on classical materials this book will be of interest to students and scholars of Islamic Studies Women s Studies and Shi i Studies *Conceiving Identities* Kathryn M. Kueny,2013-10-28 Finalist for the 2014 Book Award for Excellence in the Study of Religion textual studies category presented by the American Academy of Religion *Conceiving Identities* explores how medieval Muslim theologians appropriate a woman s reproductive power to construct a female gender identity in which maternity is a central component Through a close analysis of seventh through fourteenth century exegetical works medical treatises legal pronouncements historiographies zoologies and other literary materials this study considers how medieval Muslim scholars map the female reproductive body according to broader cosmological schemes to generate a woman s role as mother By close consideration of folk medicine and magic this book also reveals how medieval women contest the traditional maternal identities imagined for them and thereby reinvent themselves as mothers and Muslims This innovative examination of the discourse and practices surrounding maternity forges new ground as it takes up the historical and epistemic construction of medieval Muslim women s identities **Milton in the Arab-Muslim World** Islam Issa,2016-10-14 The first full length study of the reception of John Milton s 1608 74 writings in the Arab Muslim world this book examines the responses of Arab Muslim

readers to Milton's works and in particular to his epic poem *Paradise Lost*. It contributes to knowledge of the history development and ways in which early modern writings are read and understood by Muslims. By mapping the literary and more broadly cultural consequences of the censure, translation and abridgement of Milton's works in the Arab Muslim world, this book analyses the diverse ways in which Arab Muslims read and understand a range of literary and religious aspects of Milton's writing in light of cultural, theological, socio-political, linguistic and translational issues. After providing an overview of the presence of Milton and his works in the Arab world, each chapter sheds light on how cultural and translational issues shape the ways in which Arab Muslim readers perceive and understand the characters and motifs of *Paradise Lost*. Chapters outline the ways in which the figures are currently understood in Milton scholarship before exploring how they fit into the narrative drama and theology of the poem and their position in Islamic creed and Arab Muslim culture. Concurrently, each chapter examines the poem's subject matter in detail, placing particular emphasis on matters of linguistic, theological and cultural translation and accommodation. Chapter conclusions not only summarise the patterns and potentialities of reception but point towards the practical functions of Arab Muslim responses to Milton's writing and their contribution to the formation of social ideas.

Motherhood as Metaphor Jeannine Hill Fletcher, 2013-08-09. Who is my neighbor? As our world has increasingly become a single place, this question posed in the gospel story is heard as an interreligious inquiry. Yet studies of encounter across religious lines have largely been framed as the meeting of male leaders. What difference does it make when women's voices and experiences are the primary data for thinking about interfaith engagement? *Motherhood as Metaphor* draws on three historical encounters between women of different faiths: first, the archives of the Maryknoll Sisters working in China before World War II; second, the experiences of women in the feminist movement around the globe; and third, a contemporary interfaith dialogue group in Philadelphia. These sites provide fresh ways of thinking about our being human in the relational dynamic messiness of our sacred human lives. Each part features a chapter detailing the historical, archival and ethnographic evidence of women's experience in interfaith contact through letters, diaries, speeches and interviews of women in interfaith settings. A subsequent chapter considers the theological import of these experiences, placing them in conversation with modern theological anthropology, feminist theory and theology. Women's experience of motherhood provides a guiding thread through the theological reflections recorded here. This investigation thus offers not only a comparative theology based on believers' experience rather than on texts alone, but also new ways of conceptualizing our being human. The result is an interreligious theology rooted in the Christian story but also learning across religious lines.
