**Ukraine Over the Edge** Gordon M. Hahn, 2018-01-14 The Ukrainian crisis that dominated headlines in fall 2013 was decades in the making Two great schisms shaped events one within Ukraine its western and southeastern parts divided along cultural and political lines the other was driven by geopolitical factors Competition between Russia and the West exacerbated Ukraine's divisions This study focuses on the historical background and complex causality of the crisis from the rise of mass demonstrations on Kiev's Maidan Nezalezhnosti Independence Square to the making of the post revolt regime In the context of a new cold war the author sheds light on the role of radical Ukrainian nationalists and neofascists in the February 2014 snipers massacre the ouster of President Viktor Yanukovich and Russia's seizure of Crimea and involvement in the civil war in the eastern region of Donbass

Histories of Technology, the Environment and Modern Britain Jon Agar, Jacob Ward, 2018-04-09 Histories of Technology the Environment and Modern Britain brings together historians with a wide range of interests to take a uniquely wide lens view of how technology and the environment have been intimately and irreversibly entangled in Britain over the last 300 years It combines for the first time two perspectives with much to say about Britain since the industrial revolution the history of technology and environmental history Technologies are modified environments just as nature is to varying extents engineered Furthermore technologies and our living and non living environment are both predominant material forms of organisation and self organisation that surround and make us Both have changed over time in intersecting ways Technologies discussed in the collection include bulldozers submarine cables automobiles flood barriers medical devices museum displays and biotechnologies Environments investigated include bogs cities farms places of natural beauty and pollution land and sea The book explores this diversity but also offers an integrated

framework for understanding these intersections

### **America's Moment: Creating Opportunity in the Connected Age**

Rework America,2015-06-15 It is time for a new conversation Amid the biggest economic transformation in a century the challenge of our time is to make sure that all Americans benefit from the wave of digital revolutions around the world that have permeated and upended modern life Yet today s economic arguments seem stuck We need a new vision of a hopeful future and a new action agenda So many Americans are uncertain about the future How can there be so many paths to opportunity with so few people traveling them As a nation we have to understand what is required to help Americans succeed now and how to prepare our country for what comes next We have been here before A hundred years ago America experienced the greatest economic transformation and technological revolution in its history The transformation of the past twenty years as the world has moved through the information era into the digital age has turned our life and work upside down once again It is a time of tremendous change but also of tremendous possibility Rework America is a group of American leaders who know from experience the challenges we face and the potential solutions In America s Moment they suggest a practical agenda for an exciting future It is illustrated by people who are already showing the way and includes actions Americans can take today in their own communities preparing people to succeed using the reach of the Internet and data to innovate jobs and to reach new markets all over the world using technology to match employers and workers and transitioning to a no collar working world neither blue collar nor white collar Set against the history of how Americans succeeded once before in remaking their country America s Moment is about the future It describes how the same forces of change technology and a networked world can become tools that can open opportunity to everyone A Global Idea

Mayssoun Sukarieh,2023-08-15 A Global Idea outlines how youth as shown by the Arab Spring uprisings and subsequent state responses became a prominent social and political category during the first two decades of the twenty first century in the Middle East Drawing on ethnographic fieldwork interview data and textual analysis Mayssoun Sukarieh explains that the spread of youth as an important category is linked to the operation of a global youth development complex a diverse transnational network of state private sector civil society and international development aid organizations that worked through key urban areas such as Washington DC Amman and Dubai In its analysis of the arrival extension and embedding of the youth development complex in the Middle East during this period A Global Idea addresses a broader question that is of global and not just regional concern How are certain ideas that are central to the working and reproduction of global capitalism able to travel the world so that they are found virtually everywhere India China L.H.M. Ling,Adriana Erthal

Abdenur,Payal Banerjee,Nimmi Kurian,Mahendra P. Lama,Li Bo,2021-03-11 Challenging the Westphalian view of international relations which focuses on the sovereignty of states and the inevitable potential for conflict the authors from the Borderlands Study Group reconceive borders as capillaries enabling the flow of material cultural and social benefits through local communities nation states and entire regions By emphasizing local agency and regional interdependencies this

metaphor reconfigures current narratives about the China India border and opens a new perspective on the long history of the Silk Roads the modern BCIM Initiative and dam construction along the Nu River in China and the Teesta River in India Together the authors show that positive interaction among people on both sides of a border generates larger cross border communities which can pressure for cooperation and development India China offers the hope that people divided by arbitrary geo political boundaries can circumvent race gender class religion and other social barriers to form more inclusive institutions and forms of governance

**Modern Sufis and the State** Katherine Pratt Ewing, Rosemary R. Corbett, 2020-08-25

Sufism is typically thought of as the mystical side of Islam In recent years it has been held up as a supposedly peaceful alternative to the spread of forms of Islam associated with violence an embodiment of democratic ideals of tolerance and pluralism Are Sufis in fact as otherworldly and apolitical as this stereotype suggests Modern Sufis and the State brings together a range of scholars including anthropologists historians and religious studies specialists to challenge common assumptions that are made about Sufism today Focusing on India and Pakistan within a broader global context this book provides locally grounded accounts of how Sufis in South Asia have engaged in politics from the colonial period to the present Contributors foreground the effects and unintended consequences of efforts to link Sufism with the spread of democracy and consider what roles scholars and governments have played in the making of twenty first century Sufism They critique the belief that Salafism and Sufism are antithetical offering nuanced analyses of the diversity multivalence and local embeddedness of Sufi political engagements and self representations in Pakistan and India Essays question the portrayal of Sufi shrines as sites of toleration peace and harmony exploring cases of tension and conflict A wide ranging interdisciplinary collection Modern Sufis and the State is a timely call to think critically about the role of public discourse in shaping perceptions of Sufism

**The United States and the End of British Colonial Rule in Africa, 1941-1968** James P. Hubbard, 2014-01-10

At the end of World War II Britain possessed a vast African empire encompassing nearly 27 million square miles about 10 times larger than Britain itself But by 1965 only three small African territories remained under British control all of which would become independent before the end of 1968 This book examines the swift demise of Britain's African empire looking particularly at the role played by the United States in bringing the empire to an end It reveals how the United States was anti colonial without being actively pro independence concluding that the country's policies and actions combined with its postwar dominance directly and indirectly contributed to the political economic and social transformation of Africa

**Dictators Without Borders** Alexander A. Cooley, John Heathershaw, 2017-02-07

A penetrating look into the unrecognized and unregulated links between autocratic regimes in Central Asia and centers of power and wealth throughout the West Weak corrupt and politically unstable the former Soviet republics of Kazakhstan Kyrgyzstan Tajikistan and Uzbekistan are dismissed as isolated and irrelevant to the outside world But are they This hard hitting book argues that Central Asia is in reality a globalization leader with extensive involvement in economics politics and security

dynamics beyond its borders Yet Central Asia's international activities are mostly hidden from view with disturbing implications for world security Based on years of research and involvement in the region Alexander Cooley and John Heathershaw reveal how business networks elite bank accounts overseas courts third party brokers and Western lawyers connect Central Asia's supposedly isolated leaders with global power centers The authors also uncover widespread Western participation in money laundering bribery foreign lobbying by autocratic governments and the exploiting of legal loopholes within Central Asia Riveting and important this book exposes the global connections of a troubled region that must no longer be ignored

**Sticky Power** Daniel Haberly, Dariusz Wójcik, 2022-05-02 This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Although modern civilization revolves around money the nature of money is paradoxical It is nothing more than a representation of and medium for decentralized networks of social trust but its production is controlled by highly centralized networks of firms places and governments and there is never enough of it to go around Moreover given that the creation of money as credit is based on expectations money is at its heart an instrument for human agency to change the future However the financial systems that produce money are deeply rooted in the past and perpetuate themselves through history Sticky Power seeks to deepen our understanding of the paradox of money by introducing a novel conceptual lens Global Financial Networks to cast new light on the geography history politics and sociology of finance from the Middle Ages to the global financial crisis and beyond It shows that the power of finance is inherently sticky apparently new innovations such as offshore finance actually date back centuries and global financial networks more broadly have adapted to the rise and fall of empires and the development of new technologies while changing surprisingly little in their basic character or at most changing very slowly Haberly and Wójcik argue that a recognition of the mechanics of this durability calls for a new approach to reforming finance one less reactively focused on regulation and more proactively focused on building new institutional systems with a long term sticky power of their own

**Constructing Nationalism in Iran** Meir Litvak, 2017-04-21 Nationalism has played an important role in the cultural and intellectual discourse of modernity that emerged in Iran from the late nineteenth century to the present promoting new formulations of collective identity and advocating a new and more active role for the broad strata of the public in politics The essays in this volume seek to shed light on the construction of nationalism in Iran in its many manifestations cultural social political and ideological by exploring on going debates on this important and progressive topic

**Conflict Areas in the Balkans** Pinar Yürür, Arda Özkan, 2020-10-27 The situation in the Balkans such as the solution to the status of Kosovo is currently the largest international political problem in Europe with the potential to burst into a world crisis regarding the Eastern Western relations On the other hand a successful solution to the problem in the Balkans could serve as a model for solving the Muslim Christian tensions elsewhere in the world It is the intention of this book to contribute proposals for solutions to the problems

of Balkans The starting principle for the solutions to be effective is that they should come in a natural way from the people below and should not be enforced by the political elites from above Based on self determination of nations as a starting principle they should encourage intra regional cooperation among the regional entities economic cultural sport as a basis for political social understanding and cooperation secondly accelerate their economic political and social development and thirdly as a final step enable the inclusion of the Balkan countries into the European Union

**International Studies** Scott Straus, Barry Driscoll, 2018-09-10 The challenge of teaching international studies is to help students think coherently about the multiple causes and effects of global problems In *International Studies Global Forces Interactions and Tensions* award winning scholars Scott Straus and Barry Driscoll give students a clear framework that pinpoints how key factors forces interactions and tensions contribute to world events with both global and local consequences The authors first show students how to look for common patterns in global issues by introducing four world shaping forces global markets shifting centers of power information and communications technologies and global governance They systematically trace how these forces prompt interactions among world actors and thus give rise to a set of tensions that spur key challenges The framework enables students to ask and answer for themselves Who is interacting Where did such interactions develop What policies or institutions govern them Why are they getting certain global and local reactions Students then apply the framework to the global problems that matter most to them human rights abuses economic inequality terrorism forced migration pandemics and global health responses climate change food security and more *International Studies* raises the bar for the Introduction to IS course moving beyond interdisciplinary and into the realm of critical analysis to increase student relevancy and motivation Give your students the SAGE edge SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning Learn more at [edge.sagepub.com](http://edge.sagepub.com) *straus1e* Bundle and Save Your students only pay 5 for The CQ Press Career Guide for Global Politics Students when you bundle it with the print version of *International Studies Use Bundle* ISBN 978 1 5443 5204 6

*The Central Asian Economies in the Twenty-First Century* Richard Pomfret, 2019-01-15 This book analyzes the Central Asian economies of Kazakhstan the Kyrgyz Republic Tajikistan Turkmenistan and Uzbekistan from their buffeting by the commodity boom of the early 2000s to its collapse in 2014 Richard Pomfret examines the countries relations with external powers and the possibilities for development offered by infrastructure projects as well as rail links between China and Europe The transition of these nations from centrally planned to market based economic systems was essentially complete by the early 2000s when the region experienced a massive increase in world prices for energy and mineral exports This raised incomes in the main oil and gas exporters Kazakhstan and Turkmenistan brought more benefits to the most populous country Uzbekistan and left the poorest countries the Kyrgyz Republic and Tajikistan dependent on remittances from migrant workers in oil rich Russia and Kazakhstan Pomfret considers the enhanced role of the Central

Asian nations in the global economy and their varied ties to China the European Union Russia and the United States With improved infrastructure and connectivity between China and Europe reflected in regular rail freight services since 2011 and China s announcement of its Belt and Road Initiative in 2013 relaxation of United Nations sanctions against Iran in 2016 and the change in Uzbekistan s presidency in late 2016 a window of opportunity appears to have opened for Central Asian countries to achieve more sustainable economic futures
