*The Gold of the Bandas: The History of the Nutmeg* Horst H. Geerken, 2025-05-07 For a long time the Banda Islands were the only place on earth where the nutmeg would grow The spice was transported along the arduous Silk Road to Europe growing ever dearer as it travelled and when the nutmeg was also touted as a panacea against the plague it became for a while more valuable than gold Some of the European powers began a race to find the Spice Islands They wanted a share in the lucrative trade The Portuguese were the first Europeans to reach the Spice Islands followed by the Spanish and the English The last to arrive were the Dutch and their arrival triggered conquest wars and ruthless murder While the Portuguese Spanish and English simply wanted to trade with the Bandanese the Dutch aimed to take possession of the islands Out of sheer avarice they committed the first genocide in modern history there Today the Bandas are inhabited almost entirely by the descendants of the slaves brought to the islands by the Dutch The book contains many exciting and largely unknown stories about this tiny archipelago for example that one of the islands was once exchanged for Manhattan or that properties on the island of Banda Neira were once the most expensive real estate in the world This fascinating book documents the history of the Banda Islands and the colonisation of Indonesia It describes world shattering events and shows how a little nut altered the course of world history

**BOOK JACKET** *Stalin's Quest for Gold* Elena Osokina, 2021-09-15. Stalin's Quest for Gold tells the story of Torgsin, a chain of retail shops established in 1930 with the aim of raising the hard currency needed to finance the USSR's ambitious industrialization program. At a time of desperate scarcity, Torgsin had access to the country's best foodstuffs and goods. Initially, only foreigners were allowed to shop in Torgsin, but the acute demand for hard currency revenues forced Stalin to open Torgsin to Soviet citizens who could exchange tsarist gold coins and objects made of precious metals and gemstones as well as foreign monies for foods and goods in its shops. Through her analysis of the large-scale state-run entrepreneurship represented by Torgsin, Elena Osokina highlights the complexity and contradictions of Stalinism. Driven by the state's hunger for gold and the people's starvation, Torgsin rejected Marxist postulates of the socialist political economy, the notorious class approach, and the state hard currency monopoly. In its pursuit for gold, Torgsin advertised in the capitalist West, encouraging foreigners to purchase goods for their relatives in the USSR and its seaport shops, and restaurants operated semilegally as brothels, inducing foreign sailors to spend hard currency for Soviet industrialization. Examining Torgsin from multiple perspectives—economic expediency, state and police surveillance, consumerism, even interior design and personnel—Stalin's Quest for Gold radically transforms the stereotypical view of the Soviet economy and enriches our understanding of everyday life in Stalin's Russia.

**Fusion Foodways of Africa's Gold Coast in the Atlantic Era** James D. La Fleur, 2012-08-03. As most people in Atlantic era West Africa, as in contemporary Europe and the Americas, were farmers, fields and gardens were the primary terrain where they engaged the opportunities and challenges of nascent globalization.

Agricultural changes and culinary cross currents from the Gold Coast indicate that Africans engaged the Atlantic world not with passivity but as full partners with others on continents whose histories have enjoyed longer and greater scholarly attention The most important seeds of change are not to be found in the DNA of crops and critters carried across the seas but instead in the creativity and innovation of the people who engaged the challenges and opportunities of the Atlantic World
