Federal Register ,2013-08 Irrational Human Rights? An Examination of International Human Rights Treaties Naiade el-Khoury, 2020-12-15 In Irrational Human Rights An Examination of International Human Rights Treaties Naiade el Khoury pursues the guestion how effective international human rights treaties really are and offers a discussion on the effects of treaty mechanisms Such an examination as to the effects of international human rights treaties or rather their limits puts prevalent views of international law to the test In doing so this book convincingly argues that rational theories are inadequate to grasp the full effect of international human rights treaties **Effects of Physical Activity on Psychological** Well-being Nebojša Trajković, Petar M. Mitic, Špela Bogataj, Renata Baric, 2023-02-27 Sustainable Development Goals and Institutions of Higher Education Godwell Nhamo, Vuyo Mjimba, 2019-09-14 This volume brings together both theoretical and case study based contributions to the implementation of the Sustainable Development Goals SDGs in Institutions of Higher Education IHE presenting an impactful combination of authors from both developing and developed countries While most current publications addressing the SDGs and education focus on sustainable development in general and specific topics such as climate change or energy this book attempts to accelerate the localisation of the SDGs by presenting opportunities and innovations offered in various universities and campuses regarding SDGs localisation. The book seeks to provide an important contribution to the global dialogue on IHE and the SDGs and will be of interest to academics and researchers engaged in the SDGs and education as well as government agencies and other interested stakeholders The book focuses on curriculum and learning matters research and development as well as community engagement Case studies detail the integration of SDGs in academic and professional development new approaches to implementing sustainability science instruction improvements in teaching practices to enhance teacher competence and responsible management education Additional focus is placed on the alignment of the SDGs in higher education with the other goals emphasizing technological innovation for improved human health and environmental management and climate change policies and action plans Interdisciplinary solutions for pressing environmental problems are also provided making sure that no one is left behind in realising these global development goals Opportunity to Learn, Curriculum Alignment and Test Preparation Jaap Scheerens, 2016-08-30 This book provides a review of the effectiveness of Opportunity to Learn OTL operationalized as the association between OTL and student achievement In addition it presents an elaborate conceptual map in which OTL is regarded as part of a larger concept of curriculum alignment Major components of this framework are national goals and standards school curricula formative tests textbooks actual delivery of content as part of teaching and summative tests and examinations Alignment between educational goals intended and implemented curricula and educational outcomes is considered an important prerequisite for effective education The expectation is that better alignment leads to better student performance The concept of OTL is commonly used to compare content covered as part of the implemented curriculum with

student achievement As such it is to be seen as a facet of the broader concept of alignment As it comes to enhancing OTL in educational policy and practice proactive curriculum development is compared to a more retroactive orientation Legitimate forms of test and examination preparation belong to this retroactive orientation and are seen as favorable conditions for optimizing OTL This book reviews the research evidence on the effects of OTL on student achievement by means of detailed descriptions of key empirical studies a review of meta analyses a vote count syntheses of 51 empirical studies conducted between 1995 and 2015 and a secondary analysis based on TIMSS 2011 and PISA 2012 data It concludes that the effect size of OTL at about 30 is modest but comparable in size to other effectiveness enhancing conditions in schooling The final chapter of the book provides suggestions for educational policy and practice to further optimize OTL div
