Gossamer Axe Gael Baudino,1990 FICTION FANTASY      An Informal History of the Hugos Jo Walton,2018-08-07

Engaged passionate and consistently entertaining An Informal History of the Hugos is a book about the renowned science fiction award for the many who enjoyed Jo Walton's previous collection of writing from Tor.com the Locus Award winning What Makes This Book So Great The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953 They are widely considered the most prestigious awards in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000 Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and David G Hartwell A remarkable guided tour through the field a kind of nonfiction companion to Among Others It's very good It's great New York Times bestselling author Cory Doctorow Boing Boing on What Makes This Book So Great

**Gossamer Axe** Gael Baudino,2013-12-10 When her lover is imprisoned Christa a centuries old harper must set her free using the greatest weapon she possesses music In ancient Ireland Chairiste N Cummen a harper was trained in the secrets of music and magic but her curiosity and pride trapped her and her lover in the realm of the fairy folk the Sidh Chairiste alone managed to escape and now living in the modern world as Christa Cruitaire a

quiet harp teacher she is all but resigned to her inability to win her beloved's freedom until she discovers that the volume and violence of the electric guitar and heavy metal might prove brutal enough to forcibly breach the barriers between the human and fairy worlds. With the aid of her bandmates who must themselves overcome inner demons of abuse, addiction, and prejudice, Christa is determined to use her newfound musical power to rescue the woman she loves. Audacious and heartfelt, *Gossamer* is an entirely original hero's journey, an ode to the power of music and the human spirit alike, charged with rapier-sharp social commentary.

**LGBT Themes in Science Fiction, Fantasy and Horror**, **Women in Science Fiction and Fantasy** Robin Anne Reid, 2008-12-30. Works of science fiction and fantasy increasingly explore gender issues, feature women as central characters, and are written by women writers. This book examines women's contributions to science fiction and fantasy across a range of media and genres, such as fiction, nonfiction, film, television, art, comics, graphic novels, and music. The first volume offers survey essays on major topics such as sexual identities, fandom, women's writing groups, and feminist spirituality; the second provides alphabetically arranged entries on more specific subjects such as Hindu mythology, Toni Morrison, magical realism, and Margaret Atwood. Entries are written by expert contributors and cite works for further reading, and the set closes with a selected general bibliography. Students and general readers love science fiction and fantasy. And science fiction and fantasy works increasingly explore gender issues, feature women as central characters, and are written by women writers. Older works demonstrate attitudes toward women in times past, while more recent works grapple with contemporary social issues. This book helps students use science fiction and fantasy to understand the contributions of women writers, the representation of women in the media, and the experiences of women in society.

**The Year's Best Fantasy and Horror Seventh Annual Collection**, 1994. **Social and Virtual Space** Laura Chernaik, 2005. This volume is a material and semiotic study of transnationalism, analyzed in terms of race, class, gender, and sexuality. The objects of analysis range from the aftermath of the U.S. led war in Iraq to science fiction by Pat Cadigan, CJ Cherryh, and Samuel Delaney, to material semiotic feminist theory by Donna Haraway, to the neo-Marxist historical geography of Mike Davis and David Harvey. The book is centrally concerned with the social and cultural change brought about by the rise of the new social movements in the United States, such as the women's movement and the lesbian, gay, queer, and transgendered movements, and the backlash by the American new right against this change. Ethical and political concerns are central to the arguments, which is framed in terms of Emmanuel Levinas's notion of radical non-reciprocal responsibility. Laura Chernaik is a freelance writer.
