Handbook on Product Standards and International Trade James J. Nedumpara,Satwik Shekhar,Akshaya Venkataraman,2021-11-05 Global Trade Law Series Volume 55 India one of the world s foremost trading nations exhibits a particularly complex regulatory landscape with a variety of standard setting bodies regulators accreditation and certification bodies inspection agencies as well as several state level regulators This is the first book to extensively describe the nature of standard setting processes in India

and the key agencies involved with this task greatly clarifying the scope of market opportunities in the country. Lucid contributions from experienced practitioners and regulators with first hand experience in formulating and advising on standards related issues in international trade help disentangle the web of laws, regulations, operations and functions of India's standard setters in governmental, non governmental and industry contexts. The chapters describe how standards apply to such crucial trade aspects as the following: conformity assessment practice and procedure, environmental, ethical, social and safety issues, import bans and import licensing, certification and labelling measures, mutual recognition agreements, food safety and standardisation of the digital economy. The book is drafted throughout in an easy to read style with numerous tables, flowcharts and figures illustrating step by step compliance procedures. Informative annexes guide the reader to relevant agencies and identify their roles and responsibilities. This book provides a clear and concise guide to the operations, functions and compliance and documentation requirements of India's standard setting and regulatory bodies across all sectors and products and thus will serve as an unmatched guide for manufacturers, traders and exporters operating in the Indian market or seeking to export to India. It will also serve as a useful Handbook to policymakers, academics and researchers interested in understanding the role of standard setting bodies in the field of international trade.

Best Practices Guidelines and Toolkit on Engaging the Private Sector in Skills Development United Nations Development Programme, Istanbul International Center for Private Sector in Development (UNDP IICPSD), The Statistical, Economic and Social Research and Training Centre for Islamic Countries (SESRIC), 2017-01-01. *Best Practices Guidelines and Toolkit on Engaging the Private Sector in Skills Development* jointly developed by UNDP IICPSD and Statistical, Economic and Social Research and Training Centre for Islamic Countries (SESRIC) will inspire, motivate and mobilize the private sector for its active engagement in skills training for employment. The guidelines and toolkit will help stakeholders to collaborate more closely with companies, chambers of commerce and business associations. It outlines how the private sector could contribute to the employability of individuals through providing labour market signals, improving technical and practical skills acquisition, integrating industry know how and expertise to every step of the trainings and help link skills to placement opportunities. These will ensure that disadvantaged youth, women and other marginalized groups are ready to enter the labour force with possessing the right skills they need to thrive. The 2030 Agenda for Sustainable Development highlights the importance of skills and lifelong learning not only to make individuals competitive in the labour

market but also to empower people Sustainable Development Goal SDG 4 reminds us that inclusive quality education is critical for human development SDG 8 reminds us that decent work and economic growth can only be achieved through productive capacities The relationship between skills and employability is fundamental to the success of the SDGs from eradicating poverty to achieving gender equality to empowering women and girls Bridging the skills mismatch for greater employability will be a huge leap forward in achieving the SDGs This publication guarantees to guide all stakeholders in the direction of improving the existing skills and reducing the skills mismatch for greater employability of the target groups The Guidelines and Toolkit will complement existing UNDP work on sustainable employment and inclusive growth and augments the related efforts of other international organizations
