*Technology Disaster Response and Recovery Planning: A LITA Guide* Mary Mallory, 2015-04-08. Most library disaster plans focus on response and recovery from collection and facilities disasters such as fire and floods. But because technology is becoming ever more integral to libraries' role in their communities, any interruption in service and resources is a serious matter. A disaster's effect on internet and social media sites, electronic resources, digital collections, and staff and public infrastructure of PCs, tablets, laptops, and other peripherals requires special consideration. Featuring contributions from librarians who offer hard-won advice gained from personal experience, this compendium leads readers through a step-by-step process of creating a library technology disaster response and recovery plan. This LITA guide outlines the three phases of technology disaster response with examples of planning and implementation strategies from several different libraries. Describes how to conduct an inventory and risk assessment.
