Compassion Flow Co.

505 Redwood Lane

Willowdale, TX 75003

Dear Ms. Carmela Horton,

I hope this letter finds you in the best of health and spirits.

Our mission has been unwavering for years. We strongly believe in the power of sports and their ability to teach—teamwork, discipline, leadership—indeed, sports are one of the most effective ways to provide children with life skills. In light of the socio-economic challenges at present, we've noted a sharp increase in the number of children who could benefit from our programs, indicating an urgent need to scale our activities.

We are writing to you today to humbly ask for your financial support which would propel us towards achieving our goal. Your donation, in each or kind, will directly go into

Return to Sender (Letters to Nowhere Part 2) Julie Cross, 2013-10-24 *Gymnastics of the Mind* Raffaella Cribiore, 2005-02-13 This book is at once a thorough study of the educational system for the Greeks of Hellenistic and Roman Egypt and a window to the vast panorama of educational practices in the Greco Roman world It describes how people learned taught and practiced literate skills how schools functioned and what the curriculum comprised Raffaella Cribiore draws on over 400 papyri ostraca sherds of pottery or slices of limestone and tablets that feature everything from exercises involving letters of the alphabet through rhetorical compositions that represented the work of advanced students The exceptional wealth of surviving source material renders Egypt an ideal space of reference The book makes excursions beyond Egypt as well particularly in the Greek East by examining the letters of the Antiochene Libanius that are concerned with education The first part explores the conditions for teaching and learning and the roles of teachers parents and students in education the second vividly describes the progression from elementary to advanced education Cribiore examines not only school exercises but also books and commentaries employed in education an uncharted area of research This allows the most comprehensive evaluation thus far of the three main stages of a liberal education from the elementary teacher to the grammarian to the rhetorician Also addressed in unprecedented detail are female education and the role of families in education *Gymnastics of the Mind* will be an indispensable resource to students and scholars of the ancient world and of the history of education

Modern Gymnast , 1967 **International Gymnast** , 1977 *Gymnast* , 1974 **From Fighting Napoleon to the Scottish Military Academy** Rosslyn Macphail, 2024-12-30 Based on Captain John Orr's previously unseen campaign diary and personal documents this is the first biography of the man who would become Superintendent of the Scottish Naval Military Academy SNMA We follow John during his eighteen months in Portugal and Spain informed by his first hand accounts of the Battle of Salamanca the siege of Burgos and fighting in the Pyrenees Later he fought at Quatre Bras and was wounded at Waterloo He was retired on full pension in 1821 Ten years later aged 41 resigning himself that he would no longer be commissioned into a regiment he enrolled as a captain in the Edinburgh Militia Almost immediately he was asked to become the Superintendent of the Scottish Naval Military Academy which was situated in Edinburgh It had been established six years earlier and was struggling after the Directors had made a number of bad decisions John's appointment stabilised the SNMA and the enrolment started to grow He had enthusiasm for his job and managed to mix discipline with affection for the boys In 1832 the Duke of Wellington became President By the

mid 1840s it had become a successful military college It sent over a thousand young men into the services including over a hundred who fought in the Crimean War Nearly every British army regiment had at least one officer who had studied at the SNMA Through John s letters the history of the Academy is interwoven with a description of the Orr family John died in 1879 aged 89 years old He was the last surviving member of the Black Watch who had fought at Waterloo The book is brought to life with paintings and photographs of John his family his uniform and pages from his Peninsular War diary It is an intimate portrait of a soldier who served his country on and off the battle field *The Essex Genealogist* ,1992 **Catalogue** Hampton Institute,1900 *The Turnbull Library Record* ,1981 **Imagined Orphans** Lydia Murdoch,2006-02-16 With his dirty tattered clothes and hollowed out face the image of Oliver Twist is the enduring symbol of the young indigent spilling out of the orphanages and haunting the streets of late nineteenth century London He is the victim of two evils an aristocratic ruling class and more directly neglectful parents Although poor children were often portrayed as real life Oliver Twists either orphaned or abandoned by unworthy parents they in fact frequently maintained contact and were eventually reunited with their families In *Imagined Orphans* Lydia Murdoch focuses on this discrepancy between the representation and the reality of children s experiences within welfare institutions a discrepancy that she argues stems from conflicts over middle and working class notions of citizenship Reformers efforts to depict poor children as either orphaned or endangered by abusive or no good parents fed upon the poor s increasing exclusion from the Victorian social body Reformers used the public s growing distrust and pitiless attitude toward poor adults to increase charity and state aid to the children With a critical eye to social issues of the period Murdoch urges readers to reconsider the stereotypically dire situation of families living in poverty While reformers motivations seem well intentioned she shows how their methods solidified the public s anti poor sentiment and justified a minimalist welfare state that engendered a cycle of poverty As they worked to fashion model citizens reformers efforts to protect and care for children took on an increasingly imperial cast that would continue into the twentieth century

Octavia Hill's Letters to Fellow Workers 1872-1911 Octavia Hill,2005 **Prague Panoramas** Cynthia Paces,2009-09-27 *Prague Panoramas* examines the creation of Czech nationalism through monuments buildings festivals and protests in the public spaces of the city during the twentieth century These sites of memory were attempts by civic religious cultural and political forces to create a cohesive sense of self for a country and a people torn by war foreign occupation and internal strife The Czechs struggled to define their national identity throughout the modern era Prague the capital of a diverse area comprising Czechs Slovaks Germans Poles Ruthenians and Romany as well as various religious groups including Catholics Protestants and Jews became central to the Czech domination of the region and its identity These struggles have often played out in violent acts such as the destruction of religious monuments or the forced segregation and near extermination of Jews During the twentieth century Prague grew increasingly secular yet leaders continued to look to religious figures such as Jan Hus and Saint Wenceslas as symbols of Czech heritage Hus in particular became a paladin in the

struggle for Czech independence from the Habsburg Empire and Austrian Catholicism Through her extensive archival research and personal fieldwork Cynthia Paces offers a panoramic view of Prague as the cradle of Czech national identity seen through a vast array of memory sites and objects From the Gothic Saint Vitus Cathedral to the Communist Party s reconstruction of Jan Hus s Bethlehem Chapel to the 1969 self immolation of student Jan Palach in protest of Soviet occupation to the Hoskova plaque commemorating the deportation of Jews from Josefov during the Holocaust Paces reveals the iconography intrinsic to forming a collective memory and the meaning of being a Czech As her study discerns that meaning has yet to be clearly defined and the search for identity continues today

Woman's Suffrage ,1910 **The R.I. Schoolmaster** ,1861 The Radical Right in Late Imperial Russia George Gilbert,2015-11-19 The revolutionary movements in late tsarist Russia inspired a reaction by groups on the right Although these groups were ostensibly defending the status quo they were in fact as this book argues very radical in many ways This book discusses these radical rightist groups showing how they developed considerable popular appeal across the whole Russian Empire securing support from a wide cross section of society The book considers the nature and organisation of the groups their ideologies and policies on particular issues and how they changed over time The book concludes by examining how and why the groups lost momentum and support in the years immediately before the First World War and briefly explores how far present day rightist groups in Russia are connected to this earlier movement
