Hillsong Praise And Worship Team Guidelines:

The Last Time You Sang to Me Silas Omoha, 2016-12-09 There are multiple layers and dimensions to worship leading. Occasionally the dynamics, operations and inner working of a worship group can be misunderstood or perceived to be complex to the mind of pastors, worship leaders and members of the congregation. Some of these underpinnings are captured and simplified for the reader through relatable anecdotes every pastor, musician and churchgoer can understand. The principles contained in this book can be applied by any group and any individual who desire productivity and effectiveness in Christian service. Those who desire an exposition on the nuances, challenges and pitfalls commonly associated with the worship ministry and the much needed solutions will find the revelations contained in the book useful. *God Is on Your Side Participant's Guide* Joshua Ryan Butler, 2025-08-05 A practical, illuminating companion guide to *God Is on Your Side*. Each of the seven sessions covers two chapters in *God Is on Your Side*, giving you the opportunity to explore key concepts of the book more deeply. Even within the Christian faith, one can hear a wide variety of music among and within different denominations. Catholics, mainline Protestants and Evangelicals have all developed unique traditions. Many people are not exposed to multiple faith experiences in their upbringings, which can make exploring an unfamiliar sacred music style challenging. Because of this, singers and teachers regularly encounter religious singing styles to which they have not yet been exposed. In *So You Want to Sing Sacred Music*, multiple contributors offer a broad overview of sacred singing in the Judeo-Christian tradition. Evan Kent, Anthony Ruff, Matthew Hoch and Sharon L. Radionoff share their expertise on topics as diverse as Jewish cantorial music, Gregorian chant, post-Vatican II Catholic music, choral traditions and contemporary Christian music. This plethora of styles represents the most common traditions encountered by amateur and emerging professional singers when exploring sacred performance opportunities. In each chapter, contributors consider liturgical origins, musical characteristics, training requirements, repertoire and resources for each of these traditions. The writers, all professional singers and teachers with rich experience singing these styles, also discuss vocal technique as it relates to each style. Contributors also offer professional advice for singers seeking work within

each tradition's institutional settings surveying the skills needed while offering practical advice for auditioning and performing successfully in the world of sacred music So You Want to Sing Sacred Music is a helpful resource for any singer looking to add sacred performance to their portfolio or seeking opportunities and employment where sacred music is practiced and performed Additional chapters by Scott McCoy Wendy LeBorgne and Matthew Edwards address universal questions of voice science and pedagogy vocal health and audio enhancement technology The So You Want to Sing series is produced in partnership with the National Association of Teachers of Singing Like all books in the series So You Want to Sing Sacred Music features online supplemental material on the NATS website Please visit www.nats.org to access style specific exercises audio and video files and additional resources
