Williams,2006-01-16 Those who do not know history are doomed to repeat it Using the historical record of fascist regimes Eric D Williams draws hauntingly similar characteristics used by former fascist regimes currently unfolding in the United States Williams establishes eight undisputable points arising from the current administration and offers valid points to stop the slide towards fascism by taking back America by the people for the people *Islam's Mandate: A Tribute to Jihad* Mr. Pat,2010-09-27 This work is based on the religion of Islam and the fundamental Muslims who live by Islamic Sharia law and associate themselves with Sunni Islam or the Shi a philosophy of the 6th imam Islam s Mandate separates 80 % of the Muslim ummah family who live in Third World countries who cannot read or write from the radical world of Islam as well as others who continue to associate themselves

with the Muslim family but have strayed from the teachings of Muhammad and are less than Islam's Muslim in their way of life. In the book, the author deals with 1500-year-old beliefs of the fundamentalist Islam's true Muslim. The questions asked and answered are what is the true nature of Islam and who are the real Islam Muslims in the mosques who stay hidden behind closed doors. Those who must defend against radical Islam must take their time to understand the Jihadist. It is time America pulls its head out of Muslim sand that is soaked with blood from 1500 years of Islamic aggression and deals with the reality of what was once an oppressed tribal cult in the Arabian Desert but is now a dominating brutal and repressive theocracy spreading to every corner of this planet.

If It Takes a Thousand Years Jesse Petrilla, 2024-09-30. During an interrogation in Afghanistan when asked how long the jihadists intended to fight, a Taliban commander uttered the words "If it takes a thousand years." This chilling statement illustrates both how terrorists of this level operate and the generational approach they take when it comes to bringing destruction to the world. The West is facing a determined enemy with a fundamentally different world view. Author and former Army Captain Jesse Petrilla provides unique insight into the jihadist mind, featuring interviews with Taliban and Al Qaeda members just after their capture, interviews with international journalists and professors, warnings from European politicians as well as experiences from travels throughout the Islamic world. If It Takes a Thousand Years delves into the policies which have enabled our enemies both at home and abroad, providing positive solutions as to how America and the West can confront this threat and protect their way of life.
