**Kissed a Sad Goodbye** Deborah Crombie, 2001-01-02 Scotland Yard's Duncan Kincaid and Gemma James face their most haunting case yet when the past devastatingly intersects with the present. The call from Scotland Yard couldn't have come at a worse time for Detective Superintendent Duncan Kincaid. He has promised the weekend to Kit, the eleven-year-old son of his ex-wife. The son he never knew he fathered, who doesn't yet know Kincaid's true identity. But Duncan's best intentions are shattered by an investigation that draws him in and swiftly consumes him. It seems to begin with the discovery of the body of a beautiful young woman in an East London park. But Kincaid and Sergeant Gemma James will discover that this case has long roots that reach far back into the past and that resentments which should have been decades buried still have the power to hurt and maybe even the capacity to kill.

*Mystery Women, Volume Three (Revised)* Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series

and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008      **100 Most Popular Contemporary Mystery Authors** Bernard A. The Unlikely Hero Robert Richey,2008-07 This is the story of a young man from a family from the hill country born into poverty with little or no chance of ever rising above it He was born with few if any advantages that other young men would take as their natural right In addition to being big in an awkward manner the Flatlanders found his manner of speech amusing and ridiculed him behind his back As much as possible they avoided him and wouldn t even greet him civilly when they happened to meet which was often And yet in spite of all this he somehow had acquired a sense of decency and integrity In the most important things in life he was honest but in the families need to survive financially he and his father didn t always follow the rules When faced with the somewhat traumatic decisions that all of us face at one time or another in life he was not found wanting which is more than can be said for many of those born with A golden spoon in their mouth Of course Lothar like all men who have trod this earth shared so many wonderful things that do not and have not cost a cent He enjoyed things like the beauty of a sunrise if one has the ambition to get out of bed early enough to see one or the splendor of a breathtaking sunset as dusk begins to fall Then there is always the occasional rain that cleanses the air and removes all the dust and grime from the trees and plants leaving one with a feeling of renewal In the spring the birds migrate north and drop down to feed on any seeds or hapless insect that happen to fall into their grasp Then in the fall the migration again occurs only at that time the birds are heading south To a small very curious boy these things are things of wonder Also in the spring life renews itself with puppies waddling along behind their mothers the bird eggs have hatched in the nest and soon the young birds begin to try their wings Baby chicks like little balls of fluff try to hide themselves under their mothers wings or

cheep as they peck at the food scattered on the ground nearby Somehow Lothar had acquired a very strong sense of compassion for other creatures less fortunate Perhaps it was a result of all the Coon Hunts he had participated in on those nights when there was a full moon He had seen a seemingly endless succession of Coons up in a tree piteously mewling and cowering while the pack of hounds below bayed and tried to climb the tree after the hapless creatures Perhaps this influenced him And so did Lothar s family finally find the good life Did he conduct himself in a manner that he could be proud of Did he find the right girl Did he find happiness Only by reading this story can anyone really find out     *Journeys* Virgil Zee, *Journeys* is a sampling of the poetry of Virgil Zee His poems will take you into the realms of imagination and fantasy as well as deep within the heart soul and mind     **Bowker's Guide to Characters in Fiction 2007** ,2008-02     **Pittsylvania County, Virginia** Larry G.
