

The original iGroove SXT, introduced in 2007, turned a lot of heads with its sleek style and performance prowess. This latest version takes that success to a whole new level, without costing a penny more. It sounds better than ever and accommodates all of the new iPod and iPhone models, even the iPhone 3G S.

The iGroove SXT is a true stereo sound system that employs dual long-throw 2.5-inch woofers in a ported enclosure and dual 3/4-inch horn-loaded tweeters. Klipsch is the only company in the iPod speaker category to utilize horn technology, a design that delivers lifelike sound as well as produces more output using less energy.

Unlike before, the iGroove SXT is now bi-amplified, which means each driver is individually amplified, a feature that virtually eliminates distortion and significantly improves sonic performance. We've also re-tuned the bass ports on the sides of the system to remove any "port noise."

It charges any iPod with a 30-pin connector, while the shuffle and other digital devices connect via a rear auxiliary input. We've added a rapid recharge circuit to the system, so you can quickly recharge your iPod, iPod touch or iPhone. An S-video output lets you watch videos on your TV.

Available in a black finish with a silver trim and black cloth grille, the iGroove SXT comes with an IR remote, power adapter and power cord.
