Names and Stories Kali Israel, 2002 Employing an individual life lived under any names *Names and Stories* investigates nineteenth century British culture while also embodying a critical and historical engagement with theoretical questions The book examines the histories of gender knowledge families bodies art and political thought in Victorian Britain contributing to both literary studies and cross disciplinary feminist scholarship By exploring key facets of British cultural and political history in the 1800s this new work rigorously addresses wider themes of narrative figuration and historical writing and reading

Researching Sex and Sexualities Charlotte Morris, Paul Boyce, Andrea Cornwall, Hannah Frith, Laura Harvey, Yingying Huang, 2018-02-15 Sexuality is a complex and multifaceted domain encompassing bodily contextual and subjective experiences that resist ready categorisation To claim the sexual as a viable research object therefore raises a number of important methodological questions what is it possible to know about experiences practices and perceptions of sex and sexualities What approaches might help or hinder our efforts to probe such experiences This collection explores the creative personal and contextual parameters involved in researching sexuality cutting across disciplinary boundaries and drawing on case studies from a variety of countries and contexts Combining a wide range of expertise its contributors address such key areas as pornography sex work intersectionality and LGBT perspectives The contributors also share their own experiences of researching sexuality within contrasting disciplines as well as interrogating how the sexual identities of researchers themselves can relate to and inform their work The result is a unique and diverse collection that combines practical insights on field work with novel theoretical reflections

Why Borders Matter Frank Furedi, 2020-05-13 Western society has become estranged from the borders and social boundaries that have for centuries given meaning to human experience This book argues that the controversy surrounding mass migration and physical borders runs in parallel and is closely connected to the debates surrounding the symbolic boundaries people need to guide on the issues of everyday life Numerous commentators claim that borders have become irrelevant in the age of mass migration and globalisation Some go so far as to argue for No Borders And it is not merely the boundaries that divide nations that are under attack The traditional boundaries that separate adults from children or men from women or humans from animals or citizens and non citizens or the private from the public sphere are often condemned as arbitrary unnatural and even unjust Paradoxically the attempt to alter or abolish conventional boundaries coexists with the imperative of constructing new ones No Border campaigners call for safe spaces Opponents of cultural appropriation demand the policing of language and advocates of identity politics are busy building boundaries to keep out would be encroachers on their identity Furedi argues that the key driver of the confusion surrounding borders and boundaries is the difficulty that society has in endowing experience with meaning The most striking symptom of this trend is the cultural devaluation of the act of judgment which has led to a loss of clarity about the moral boundaries in everyday life The infantilisation of adults that runs in tandem with the adultification of children

offers a striking example of the consequence of non judgmentalism Written in a clear and direct style this book will appeal to students and scholars in cultural sociology sociology of knowledge philosophy political theory and cultural studies

Against Common Sense Kevin K. Kumashiro, 2015-03-27 The phrase teaching for social justice is often used but not always explained What does it look like to teach for social justice What are the implications for anti oppressive teaching across different areas of the curriculum Drawing on his own experiences teaching diverse grades and subjects leading author and educator Kevin Kumashiro examines various aspects of anti oppressive teaching and learning in six different subject areas Celebrating 10 years as a go to resource for K 12 teachers and teacher educators this third edition of the bestselling **Against Common Sense** features A new introduction that addresses the increased challenges of anti oppressive teaching in an era of teacher evaluations standardization and ever increasing accountability End of chapter teacher responses that provide subject specific examples of what anti oppressive teaching really looks like in the classroom End of chapter questions for reflection that will enhance comprehension and help readers translate abstract ideas into classroom practice Additional readings and resources to inspire students to further their social justice education Compelling and accessible **Against Common Sense** continues to offer readers the tools they need to begin teaching against their common sense assumptions and toward social justice

The Elementary English Review, 1926 **Wild Rice and the Ojibway People** Thomas Vennum, 1988 Explores in detail the technology of harvesting and processing the grain the important place of wild rice in Ojibway ceremony and legend including the rich social life of the traditional rice camps and the volatile issues of treaty rights Wild rice has always been essential to life in the Upper Midwest and neighboring Canada In this far reaching book Thomas Vennum Jr uses travelers narratives historical and ethnological accounts scientific data historical and contemporary photographs and sketches his own field work and the words of Native people to examine the importance of this wild food to the Ojibway people He details the technology of harvesting and processing from seventeenth century reports though modern mechanization He explains the important place of wild rice in Ojibway ceremony and legend and depicts the rich social life of the traditional rice camps And he reviews the volatile issues of treaty rights and litigations involving Indian problems in maintaining this traditional resource A staple of the Ojibway diet and economy for centuries wild rice has now become a gourmet food With twentieth century agricultural technology and paddy cultivation white growers have virtually removed this important source of income from Indigenous hands Nevertheless the Ojibway continue to harvest and process rice each year It remains a vital part of their social cultural and religious life

Well-Dressed Role Models Gale Eaton, 2006-06-08 This study provides a qualitative exploration of juvenile biographies of women a genre defined here as a book dealing with the whole or partial life of an individual and reviewed as nonfiction for readers in elementary middle or junior high school Beginning with a survey of juvenile material on Elizabeth Tudor published in England and the United States between 1852 and 2002 author Gale Eaton scrutinizes thirty four books juvenile biographies histories and collected biographies for trends

in both content and rhetoric Well Dressed Role Models The Portrayal of Women in Biographies for Children then goes on to look at close readings of books published in the United States in the years 1946 1971 and 1996 and presents a penetrating analysis of a genre that serves the needs of youth The findings of this study include the fact that juvenile biographies make role models out of women who in many cases never would have become famous by following all the rules for good girls By choice of subject and emphasis their authors dress the life stories of real women in the appropriate values of new generations Three appendixes providing annotated book lists for each of the three years analyzed conclude this study

My Friend Natalia Laura Lindstedt, 2021-03-23 New York Times Book Review Editors Choice Entertainment Weekly Best Books of the Month Buzzfeed Spring Books We Couldn't Put Down One of Finland's most dynamic novelists bursts onto the American literary scene with this erotic story of an ambitious therapist's sessions with an unforgettable patient Natalia cannot stop thinking about sex With this mesmerizing tale of one woman's potent affliction award winning Finnish writer Laura Lindstedt makes her American debut Narrated by an unnamed ungendered therapist who leaps at the chance to employ their most experimental methods My Friend Natalia offers a gripping examination of the power dynamics always present but rarely ever spoken about in therapy Something flared within me the therapist notes and it wasn't merely sympathy the emotion I feel for most of my clients It was more like a sudden experience of harmony wholly inappropriate given the circumstances It is clear from the moment Natalia barges into her new therapist's office that she has motives beyond simply fixing her sex life She is quick to mention that the same exact painting hanging on the therapist's wall an abstract piece titled Ear Mouth once hung in her grandmother's living room This comment deeply unsettles the therapist as does the large alarm clock that Natalia brings with her intent on timing the sessions herself And the tape recorder At first Natalia seems to play along with the rules of therapy She partakes in the therapist's pain displacement exercises word games and even produces a few anatomical illustrations She muses on the art of pornography and boldly examines seminal figures like Simone de Beauvoir and Jean Paul Sartre about whom she poses the question Did Jean Paul consider Simone a woman at all Or was she nothing but a pencil sharpener By combining philosophy and literature repressed childhood memories and explicitly unrepressed erotic experiences the sessions quickly shed all inhibitions Still the therapist can't help but wonder What does Natalia really want Brilliantly translated by the award winning David Hackston My Friend Natalia buzzes in prose charged with sharp banter and double entendres as the therapist hurls strange and hilarious experimental exercises at Natalia and their work builds to an explosive climax In taking a deconstructive yet utterly scintillating approach to the self help narratives of our time Laura Lindstedt emerges as a rare and unflinching international literary talent

Writing for Immortality Anne E. Boyd, 2010-01-01 Before the Civil War American writers such as Catharine Maria Sedgwick and Harriet Beecher Stowe had established authorship as a respectable profession for women But though they had written some of the most popular and influential novels of the century they accepted the taboo against female

writers regarding themselves as educators and businesswomen During and after the Civil War some women writers began to challenge this view seeing themselves as artists writing for themselves and for posterity Writing for Immortality studies the lives and works of four prominent members of the first generation of American women who strived for recognition as serious literary artists Louisa May Alcott Elizabeth Stuart Phelps Elizabeth Stoddard and Constance Fenimore Woolson Combining literary criticism and cultural history Anne E Boyd examines how these authors negotiated the masculine connotation of artist imagining a space for themselves in the literary pantheon Redrawing the boundaries between male and female literary spheres and between American and British literary traditions Boyd shows how these writers rejected the didacticism of the previous generation of women writers and instead drew their inspiration from the most prominent literary writers of their day Emerson James Barrett Browning and Eliot Placing the works and experiences of Alcott Phelps Stoddard and Woolson within contemporary discussions about genius and the American artist Boyd reaches a sobering conclusion Although these women were encouraged by the democratic ideals implicit in such concepts they were equally discouraged by lingering prejudices about their applicability to women
