## **My Impending Death:**

*My Near-Death Adventures (99% True!)* Alison DeCamp, 2016-06-07 For history lovers and journal fans comes a hilarious and heartbreaking 99 100% fantastic A Fuse 8 Production School Library Journal story about a boy on a mission to find his long lost father in the logging camps of Michigan There are many things that 11 year old Stanley Slater would like to have in life most of all a father But what if Stan s missing dad isn t dearly departed after all Armed with his stupendous scrapbook full of black and white 19th century advertisements and photos Stan s attempt to locate his long lost hero cowboy outlaw dad is a near death adventure fraught with pesky relatives killer lumberjacks and poisonous pies His tale will leave readers in stitches but not the kind that require medical attention Praise for *My Near Death Adventures* 99% True A knee slapper of a debut featuring a narrator who is rather less than 99 percent reliable but 100 percent engaging Kirkus Reviews An exuberant first novel Publishers Weekly Stan s story is full of his hilarious misunderstandings and overactive imagination Interspersed throughout are pictures and news clippings embellished with wisecrack remarks speech bubbles and the occasional mustache Booklist *Echoes from Eternity: Near-Death and Afterlife Experiences* Arvin S. Gibson, 2023-02-14 *Echoes from Eternity* goes beyond the bestselling book *Glimpses of Eternity* and enters into whole new arenas It contains over 65 vivid firsthand accounts of people who have died entered the spirit world and then come back *My Near-Death Adventures: I Almost Died. Again* Alison DeCamp, 2016 In 1895 Michigan Stan eleven will do almost anything to help his mother financially even babysitting but his long lost father shows up and proves to be a big disappointment **The Near-Death Experience** Lee W. Bailey, Jenny Yates, 2013-06-17 *The Near Death Experience A Reader* is the most comprehensive collection of NDE cases and interpretations ever assembled This book encompasses a broad range of disciplines psychological researchers discuss cognitive models and Jungian theories of meaningful archetypal phenomena the biological perspective describes how brains near death may produce soothing endorphins optical illusions and convincing hallucinations Philosophers present empirical analyses and images in archetypal theories and the symbolic language of comparative phenomenological theories Christian Jewish and Mormon responses to NDEs outline the religious perspective and the mystical and spiritual interpretations of NDEs are also explored **The Science of Near-Death Experiences** John C. Hagan, 2017-01-30 What happens to consciousness during the act of dying The most compelling answers come from people who almost die and later recall events that occurred while lifesaving resuscitation emergency care or surgery was performed These events are now called near death experiences NDEs As medical and surgical skills improve innovative procedures can bring back patients who have traveled farther on the path to death than at any other time in history Physicians and healthcare professionals must learn how to appropriately treat patients who report an NDE It is estimated that more than 10 million people in the United States have experienced an NDE Hagan and the contributors to this volume engage in evidence based research on near death experiences and include physicians who themselves have undergone a near death experience This book establishes a

new paradigm for NDEs      *Modernity and its Futures Past* Nishad Patnaik, 2023-11-20 The work reimagines emancipatory possibilities in the face of reified capitalist modernity The enlightenment resulted in a disenchanted world stripped of anthropomorphised meaning and purpose This world in its capitalistic figuration alienates us from others and from nature To rearticulate emancipatory possibilities requires a non alienated relation to society and nature Yet modernist disenchantment cannot be undone by returning to pre modern enchantment Rather such rearticulation calls for the recovery of unalienated life from within non reified modernity by renewing its universalist dimension      Persons, Humanity, and the Definition of Death John P. Lizza, 2006-02-01 In this riveting and timely work John P Lizza presents the first comprehensive analysis of personhood and humanity in the context of defining death Rejecting the common assumption that human or personal death is simply a biological phenomenon for biologists or physicians to define Lizza argues that the definition of death is also a matter for metaphysical reflection moral choice and cultural acceptance Lizza maintains that defining death remains problematic because basic ontological ethical and cultural issues have never been adequately addressed Advances in life sustaining technology and organ transplantation have led to revision of the legal definition of death It is generally accepted that death occurs when all functions of the brain have ceased However legal and clinical cases involving postmortem pregnancy individuals in permanent vegetative state those with anencephaly and those with severe dementia challenge the neurological criteria Is brain death really death Should the neurological criteria be expanded to include individuals in permanent vegetative state with anencephaly and those with severe dementia What metaphysical ethical and cultural considerations are relevant to answering such questions Although Lizza accepts a pluralistic approach to the legal definition of death he proposes a nonreductive substantive view in which persons are understood as constituted by human organisms This view he argues provides the best account of human nature as biological moral and cultural and supports a consciousness related formulation of death Through an analysis of legal and clinical cases and a discussion of alternative concepts of personhood Lizza casts greater light on the underlying themes of a complex debate      Conversations with a Near-Death Experienter Diane Goble, 2010-08-15 When Diane Goble started her first web site A Near Death Experience Beyond the Veil net in 1996 about her own near death experience thousands of people ages 16 to 95 from all over the world began emailing her and asking questions about NDEs death dying fear about death grief reincarnation suicide This ebook is a collection of FAQs and Diane s responses from her near death perspective I didn t just almost die I drowned I surrendered to the raging river and found myself out of my body looking down at the scene below I traveled to another dimension accompanied by a beautiful loving Being of Light and was given information to bring back to help humanity with the evolution of consciousness as we become Divine Humans Specifically the message I brought back is that we don t die The body dies but the essence of who we are continues We are eternal spiritual beings having temporary human experiences in physical worlds as part of our spiritual journey returning to the Source of our being As we learn to live without fear of death we become more loving and

compassionate toward each other all sentient beings and this beautiful planet Over the 40 years since my NDE I've become a deeply spiritual person I believe all religions have some truth but none have all the truth My answers to your questions are from my heart to open yours to Unconditional Love Namaste

**America's Mystic Solves Near-Death Riddle** Eugene Braxton, 2014-12-15 Dear Mr Braxton I appreciate your perspective on your near death experience grounded as it is in years of prior experience with out of body visits to other realms and your interest in helping us with our research I thank you in advance for your help with this important research and look forward with pleasure to meeting you Dr Bruce Greyson Dean of Near Death Research Director of International Association of Near Death Studies Editor in Chief of the Journal of Near Death Studies Eugene it's about time you came out with what you know and good luck with your book it will be important Dr P M H Atwater Female and 3 time Near Death Experience Bestselling author and Current 1 Near Death World Authority I have also heard of this American Mystic and I have heard that at the age of 15 he was The World's Foremost Authority on Levels of Consciousness and Experimental Dream Control Dr Charles Tart 1 World Authority in Out of Body Experiences and Levels of Consciousness Keep up the good work Eugene Dr David M Jacobs of Temple University The 1 World Authority in UFO Research and Alien Abductions Albert Einstein said that all knowledge comes from experience and he was right Without learning from experiences scientists can't gather the data they need When it comes to near death experiences however we're often left without the necessary information Those who remember anything usually just recall a flash of light or a faint sound or voice But Eugene Braxton could remember almost everything after he nearly drowned in a lake at age fifteen which followed years of lucid dreams visions and other strange encounters He's been honing his skills as a mystic ever since and he explores amazing experiences that he and others have had everything from UFO sightings probable abductions different levels of consciousness and more Discover insights on the length of time between death and re consciousness what happens at the moment of death why levitation is normal in the afterlife and the changes your mind and spirit will undergo as you approach and pass through death Get the forbidden knowledge and hard to find research you've been craving about near death experiences the afterlife and the union of mysticism and science in America's Mystic Solves Near Death Riddle

[The New Children and Near-Death Experiences](#) P. M. H. Atwater, 2003-11-06 Presents an in depth look at children who have experienced the near death phenomenon and the heightened abilities that these children exhibit Provides compelling evidence for the existence of a generation of children who represent the spiritual evolution of the human race Includes firsthand testimonies of children who have returned from near death The New Children and Near Death Experiences is the first book to provide from the view of the child an in depth study of children who have experienced the near death phenomenon and its aftereffects Atwater notes that the child who returns from a near death experience is not the same child as before but is a remodeled rewired reconfigured refined version of the original Presenting data to support her contention that these children have experienced structural chemical and functional changes in the brain she also shows how their

greater empathic abilities as well as dramatically higher intelligence are qualities that are also present in children born since 1982 enhanced abilities that cannot be tied to simple genetics Atwater shows that understanding the near death experiences of children can help us prepare for a quantum leap in the evolution of humanity **Heaven Time: Discovering a New Way of Life After a Near-Death Experience** Lorri Brewer,2012 **Near Death at the ER Window** Lisa Dufrense,2002-10

How to Survive a Near Death Experience John Smith,2015-12-15 This book was written from the events that took place from 1995 till the present day with a lot of questions I have had as I grew up Who am I Why am I here What is the meaning of life I searched the Scriptures and completed my doctorate hoping to find these answers but they only came when I had my first NDE in 1995 I was told this is the only way you can learn the answers to these questions so I listened I was told at the beginning that if you go to court to get justice all you get is law This book will speak to readers in many different ways because what is necessarily true on one level is not necessarily true on another in other levels we not only see horizontal but vertical as well Revelation 3 1To the angel of the church in Sardis write These are the words of him who holds the seven spirits of God and the seven stars I know your deeds you have a reputation of being alive but you are dead The very thought that a you can be dead and not know it is very disturbing the possibility that man being dead while he is alive is very startling All these things were explained to me I hope you can find the truth of them also **New Brunswick Out of Body and Near Death Experiences** Dorothy Dearborn,2004 *Near Death Experiences and Sacred Scripture* Douglas Charles Hodgson,2024-08-30 Near Death Experiences and Sacred Scripture The Parallel Messaging examines striking similarities and parallels between messaging found in accounts of those who have written about their near death experiences and in accounts contained in the sacred scriptures of the world s great religions This symmetrical and mutually reinforcing messaging is timeless in nature and is arguably more relevant today than in any previous period in human history as humanity continues to face existential threats to its survival In an era of rampant materialism and consumerism armed conflict environmental degradation species extinction global warming as well as an obsessive preoccupation with self rather than others and a devaluation of the life s sanctity It s timely to spark a revived interest in and knowledge of God and the afterlife and in seeking answers to life s larger religious spiritual philosophical and metaphysical questions This book will provide assurance and solace to those who are terminally ill or fear the death of their physical body for those who are suffering a difficult bereavement and for those who feel lost and confused about the meaning and purpose of life and what lies ahead of them The Transformative Power of Near-Death Experiences Dr. Penny Sartori,Kelly Walsh,2017-11-14 An enthralling study of the far reaching positive effects of Near Death Experiences a well written and thought provoking book Anita Moorjani author of Dying to Be Me Near death experiences NDEs are often transformative not only on an individual level but on a collective level too This book contains a selection of inspiring stories from ordinary people whose extraordinary experiences have changed the course and direction of their lives opening each and every one of them to the power of divine

love Recent years have seen a dramatic change of attitude towards NDEs Unfortunately the ongoing debates about NDEs have detracted greatly from their transformational effects and how empowering they can be for the whole of mankind For those who experience them NDEs often instill the knowledge that we are all interconnected and part of one great whole This book aims to inspire people from all walks of life creeds cultures and faiths to the transformational power of the message of NDEs and to show how the love experienced during the NDE has the capacity to heal minds bodies and souls Application of Impossible Things - My Near Death Experience in Iraq Natalie Sudman,2021-02-09 Natalie s near death experience when her truck was hit with a roadside bomb in Iraq She recalls the entire spirit side experience as they repair her body so she could live Near Death Near Life Andrew Zorich,2020-07-05 Set in Seattle this memoir recounts a young man s near death experience and subsequent initiation into a world of mysterious and mystical teachers Circling with life lessons this esoteric joyride explores the meditative healing arts mysticism and the awakening of intuition This story can be used as a guidebook for those interested in using meditation light and energy to heal themselves and others Jove Brand Is Near Death J. A. Crawford,2021-07-13 2021 Foreword INDIES Finalist A Mystery Scene Magazine 2021 Editor s Pick The name is Allen Ken Allen These days Ken Allen is a nobody But once upon a time his name was Brand Jove Brand Eighteen years ago Ken Allen played the famous fictional superspy in Near Death a movie so bad it was never meant to be seen Since then Ken has faded into cult obscurity but when his celebrated successor is killed in the same ghastly fashion as the villain in Near Death Ken is cast as the prime suspect The only way for Ken to clear his name is to go full method and once again play the part of Jove Brand except this time it s for real As murder surrounds him the secrets behind Near Death Ken fought to keep buried for eighteen years begin to surface **One Man's Love Story - A Near-Death Experience** Jason Hughes,2005-08 This memoir is based on my experiences in this world Bob Marley Princess Diana His Holiness the Dalai Lama Mother Theresa Deepak Chopra Oprah Winfrey John F Kennedy Martin Luther King Jr have all talked about essentially the same thing that there is One Universal Love that flows inside us all And yet life is often about harmonizing with the co existence of opposite values We constantly strive for balance within ourselves between life and death being happy or sad up and down love and fear pain and growth and light and dark One cannot exist without the other Together and individually we all travel this vast spectrum at our own rate of speed and in our own unique ways Experiencing these opposites is what often makes this journey interesting Only by keeping our focus on the positive as much as possible can we achieve and enjoy a healthy balance But if life is an inevitable balance between up and down and good and bad are we all at the mercy of the changing tides How do we directly impact our experience Why do so many of us wait for something bad to happen in our lives before we actually wake up and begin to move through life seeing clearly as Nature intended All too often we must go through many forms of pain before we discover the true growth that was intended for us My own conscious contact came about as a result of a devastatingly painful experience after which I began to realize that nothing is impossible and that only together can we

realize this truth I began to understand how much we all share in this life and I realized we are clearly meant to work through our pain collectively Together we will discover happier states of existence It is only with the true caring and sharing of so many that I was able to survive a potentially insurmountable ordeal and I am here today to share with you all I have learned And this is my story of how I came to experience embrace and be transformed by that Universal Love that great men and women before me have also discovered My goal is to connect and relate with you my reader on the most important and meaningful levels I have learned that love is the answer and when we open up to the many ways we can receive love every moment of our lives together then life takes on a whole new meaning one that will be better than anything we can imagine It is my sincere hope that this book helps to heal and promotes goodness in a world that can often be a tough playing field
