Embu University May Intake:

Embu Municipality University of Nairobi. Department of Urban and Regional Planning, 1978 **Econometrics, Statistics And Computational Approaches In Food And Health Sciences** Alok Bhargava, 2006-11-03 This book is a compendium of Alok Bhargava's most important contributions in longitudinal econometric methods and its application to problems of food nutrition and health. It demonstrates the usefulness of rigorous econometric and statistical methods in addressing issues of under nutrition and poor child health in developing countries as well as obesity in developed countries. The close connection between the issues and themes analyzed in disciplines such as economics, nutrition, psychology, demography, epidemiology and public health provides a sound basis for the formulation of public policies. **Imperial Reckoning** Caroline Elkins, 2010-04-01 A major work of history that for the first time reveals the violence and terror at the heart of Britain's civilizing mission in Kenya. As part of the Allied forces, thousands of Kenyans fought alongside the British in World War II. But just a few years after the defeat of Hitler, the British colonial government detained nearly the entire population of Kenya's largest ethnic minority, the Kikuyu, some one and a half million people. The compelling story of the system of prisons and work camps where thousands met their deaths has remained largely untold, the victim of a determined effort by the British to destroy all official records of their attempts to stop the Mau Mau uprising. The Kikuyu people's ultimately successful bid for Kenyan independence. Caroline Elkins, an assistant professor of history at Harvard University, spent a decade in London, Nairobi and the Kenyan countryside interviewing hundreds of Kikuyu men and women who survived the British camps as well as the British and African loyalists who detained them. The result is an unforgettable account of the unraveling of the British colonial empire in Kenya, a pivotal moment in twentieth-century history with chilling parallels to America's own imperial project. *Imperial Reckoning* is the winner of the 2006 Pulitzer Prize for Nonfiction.
