The Making of Elite Women Tanja Müller,2021-11-29 This book is a thorough study about the upbringing of elite women in Eritrea encompassing the time of the armed struggle for liberation as well as its aftermath up to the tenth anniversary of Eritrean independence in 2001 and beyond It is a multi disciplinary study combining a comprehensive analysis of Eritrean history society and political developments with extensive case study research into the lives of different groups of elite women Modernisation processes

created by the Eritrean revolution fostered an environment in which women are regarded as equal and encouraged to occupy positions of leadership At the same time the revolution s hegemonic ideology does not envisage women opting out of its version of modernity thus new avenues open up only for those who subscribe to the revolution s narrative of progress Furthermore it is argued that while the Eritrean revolution played a decisive role in opening up possibilities for women s emancipation a failure to implement democratic structures of governance puts the revolution s societal achievements at risk its legacy might well rest with possibilities of personal liberation in individual lives Ethiopian Journal of Education ,1997
