Hierarchy and Value Jason Hickel, Naomi Haynes, 2018-08-01 Globalization promised to bring about a golden age of liberal individualism breaking down hierarchies of kinship caste and gender around the world and freeing people to express their true authentic agency But in some places globalization has spurred the emergence of new forms of hierarchy or the reemergence of old forms as people try to reconstitute an imagined past of stable moral order This is evident from the Islamic revival in the Middle East to visions of the 1950s family among conservatives in the United States Why does this happen and how do we make sense of this phenomenon Why do some communities see hierarchy as desirable In this book leading anthropologists draw on insightful ethnographic case studies from around the world to address these trends

Together they develop a theory of hierarchy that treats it both as a relational form and a framework for organizing ideas about the social good *Ethiopia* Paulos Milkias, 2011-05-18 This book is the most complete accessible and up to date resource for Ethiopian geography history politics economics society culture and education with coverage from ancient times to the present Ethiopia is a comprehensive treatment of this ancient country's history coupled with an exploration of the nation today Arranged by broad topics the book provides an overview of Ethiopia's physical and human geography its history its system of government and the present economic situation But the book also presents a picture of contemporary society and culture and of the Ethiopian people It also discusses art music and cinema class gender ethnicity and education as well as the language food and etiquette of the country Readers will learn such fascinating details as the fact that coffee was first domesticated in Ethiopia more than 10 000 years ago and that modern Ethiopia comprises 77 different ethnic groups with their own distinct languages **Early Music History: Volume 12** Iain Fenlon, 1994-02-24 Includes contributions on

while exploring the attraction of return to their Ethiopian homeland over the course of decades abroad Ultimately Shelemay shows that musicians are uniquely positioned to serve this sentinel role as both guardians and challengers of cultural heritage

The Covenant's Veil Alexandra Sellassie Antohin,2024-12-03 An exploration of how contemporary Ethiopian Orthodox Christianity preserves and protects sacred ideas and relationships Ethiopia stretches her hand upon God the narrative of Sheba and Solomon the material presence of the Ark of the Covenant in Axum For Ethiopian Orthodox Christians these classic understandings of the covenant are prized narratives For historical and scriptural scholarship a central focus is to explain the characteristics of Ethiopian Orthodox Christianity as retaining key Old Testament qualities to demonstrate a wide chasm with post Enlightenment secular societies By widening the lens of analysis to include a body of knowledge best accessed through Orthodox Christian devotional culture *The Covenant s Veil* offers an interpretation that challenges the reader to adopt a novel understanding of these well established ideas The multiple complex ways that the covenant idea appears as ideas idioms customs symbols and articulations in the lifeworld of Ethiopian Orthodox are the starting point for *The Covenant s Veil* Ethiopia s story of the covenant is a domain of nested reference points that inspires celebrants through

their devotional activities to expand and elaborate upon a network of meanings Covenant refractions within Ethiopian Orthodox devotional culture not only demonstrate the established pattern of magnifying spiritual importance through symbolic similes and analogic pairings but perform a vital function for keeping traditional knowledge alive and current Detailed ethnographic material arranges devotional activities such as mahaber rituals of communing and processions of tabots on feast days It describes habits of making vows presenting oneself at church and telling stories of saints and their covenants Thinking about the covenant concept as refracting the bending motion of points encountering a common surface is a way to conceive how these reference points reveal a connective thread what is theorized as an Ethiopian Orthodox method of elaboration Identifying when and where elaboration of tradition is happening provides an opportunity to demonstrate how Orthodox Christianity is integral to the lives and actions of its faithful By reframing covenant as expanding beyond Ethiopian religious and political exceptionalism The Covenant's Veil provides us with a timely reappraisal of this concept in light of increased social fragmentation and the urgency for negotiating harmony in a country with many forms of diversity

Songs of Ethiopia's Tesfaye Gabbiso Lila W. Balisky, 2018-10-19 Tesfaye Gabbiso prominent Ethiopian soloist began composing song texts and tunes as a young lad in the early 1970s during a period of social and political upheaval in Ethiopia This national ferment strengthened a creative surge among a generation of youth as the Ethiopian revolution 1974-91 was taking hold An explosion of indigenous spiritual songs was one result The indigenous song style was in contrast to the imported and translated European hymnody that had earlier been sung in Ethiopia's evangelical churches Because of his testimony both in life and song Tesfaye was imprisoned for seven years during the revolution during which time he continued to compose and sing Thus his songs reflect suffering endurance and hope in the Babylons Meantime and Zions of life experience The human voice in song rooted in the flow of the missio Dei is perhaps the greatest testimony that may be lived out whether in a prison cell or in the larger complex world A special feature of this book is the inclusion of 104 of Tesfaye's songs Cassettes 1-7 in English translation This study is valuable as a cross-cultural textbook offers rich lyrics and embodies a challenge to Christian commitment in the arts

Sanctity and Environment in Ethiopian Hagiography Abate Gobena, 2023-10-04 The original forests of the central and northern highlands of Ethiopia are almost entirely confined to the

sacred groves surrounding the churches and monasteries of the Ethiopian Orthodox Tewahido Church In Ethiopian tradition sanctity starts from the Tabot on the altar of the church and extends to the outer periphery of the compound Church forests serve as shade and shelter for the sacred and are seen as integral parts of the churchyard The Act of Gebre Menfes Qiddus GGMQ is an original Ethiopic hagiographic text It depicts the life and struggle of the saint in the wilderness of forests and mountains Hagiographic texts like GGMQ are in Ethiopia not mere historical records but texts linked to the daily liturgical services that shape and mould the perceptions and actions of their readers and listeners The aim of the thesis is to analyse how GGMQ presents the relation between the saint and the natural environment in order to see if there is a correlation with how the Ethiopian tradition has preserved the church forests and has considered these to be sacred spaces representing the wilderness The aim is achieved through a close reading of the text and its intertexts using four selected themes as analytical instruments ascetic estrangement coexistence with non human creation identification with the angels and reconciliation of opposites The analysis and the fact that the GGMQ is one of the most venerated texts read and heard with great liturgical solemnity show that there are good reasons to believe that the constant reading of GGMQ has made and makes a significant impact upon the readers views on the mutual co habitation of human and non human creation and the development of an awareness of the need to preserve the wilderness and non human creation
