storytelling and personalized content which have been proven to improve conversions and engage customers The barriers to finding and engaging with consumers have been destroyed by the ease of clicking a mouse button or tapping on a screen Today s technology enables competitors to emerge seemingly overnight and the wide range of choices consumers have today means that businesses can no longer compete solely on product Recommend This helps organizations take advantage of the one aspect of business that hasn t changed relationships It teaches marketers the strategies they need to be successful in a digital world where forming cultivating and taking advantage of relationships can be difficult Recommend This teaches organizations how to measure and manage relationships while offering specific strategies to create revolutionary change It is a must read for anyone who needs to understand how digital relationships alter the way we do business Reassembling Rubbish Josh Lepawsky,2018-04-13 An examination of the global trade and traffic in discarded electronics that reframes the question of the right thing to do with e waste The prevailing storyline about the problem of electronic waste frames e waste as generated by consumers in developed countries and dumped on people and places in developing countries In Reassembling Rubbish Josh Lepawsky offers a different view In an innovative analysis of the global trade and traffic in discarded electronics Lepawsky reframes the question of the right thing to do with e waste mapping the complex flows of electronic materials He counters the assumption that e waste is a post consumer problem pointing out that waste occurs at all stages of electronic materials existence and calls attention to the under researched world of reuse and repair Lepawsky explains that there are conflicting legal distinctions between electronic waste and non waste and examines a legal case that illustrates the consequences He shows that patterns of trade do not support the dominant narrative of e waste dumping but rather represent the dynamic ecologies of repair refurbishment and materials recovery He asks how we know waste how we measure it and how we construe it and how this affects our efforts to mitigate it We might not put so much faith in household recycling if we counted the more massive amounts of pre consumer electronic waste as official e waste Lepawsky charts the minescapes productionscapes and clickscapes of electronics and the uneven discardscapes they produce Finally he considers both conventional and unconventional e waste solutions including decriminalizing export for reuse repair and upgrade enabling ethical trade in electronics reuse repair refurbishment and recycling implementing extended producer responsibility and instituting robust forms of public oversight War College Mark Donahue,2024-08-28 It s 1964 you re a high school junior and the Beatles just came to town Getting your legs blown off by a mine in a jungle 8 000 miles away isn t something you worry about Basketball making out with your girlfriend and drinking beer on Friday nights are your real priorities But then you hear of a kid who got shot and died over there Then more guys from the next town Then your former best friend All blown to hell All really dead A war in a place you d never heard of only months before is getting closer But eighteen year old Jon Taylor living the good life in San Diego isn t worried He has a plan He s gotten an appointment to the Naval Academy After graduation he ll serve his five years get his MFA from Yale then pursue a writing career that will make him rich and

famous Enter the Vietnam War a duplicitous girlfriend revoked Naval Academy appointment low draft number and Jon's plans are destroyed Like many of his friends War College follows the lives of six young men who come to Hiram Scott College in 1965 None of them ever dreamed they'd spend their freshman year in Scottsbluff Nebraska at a college no one had ever heard of But it's better than a Vietnam jungle Maybe With poignancy humor music and a story of fifty year friendships author Mark Donahue weaves a nostalgic tale that could only be told by someone who was there As the title suggests War College like the Vietnam War is complicated A story steeped in historical fact shining a light on both the horrors of war and the joys of youth
