The Right to Repair Aaron

Perzanowski,2022-02-08 The Right to Repair reveals how companies stop us from fixing our devices and explains how we can fight back *Reassembling Rubbish* Josh Lepawsky,2018-04-13 An examination of the global trade and traffic in discarded electronics that reframes the question of the right thing to do with e waste The prevailing storyline about the problem of electronic waste frames e waste as generated by consumers in developed countries and dumped on people and places in developing countries In *Reassembling Rubbish* Josh Lepawsky offers a different view In an innovative analysis of the global trade and traffic in discarded electronics Lepawsky reframes the question of the right thing to do with e waste mapping the complex flows of electronic materials He counters the assumption that e waste is a post consumer problem pointing out that waste occurs at all stages of electronic materials existence and calls attention to the under researched world of reuse and repair Lepawsky explains that there are conflicting legal distinctions between electronic waste and non waste and examines a legal case that illustrates the consequences He shows that patterns of trade do not support the dominant narrative of e waste dumping but rather represent the dynamic ecologies of repair refurbishment and materials recovery He asks how we know waste how we measure it and how we construe it and how this affects our efforts to mitigate it We might not put so much faith in household recycling if we counted the more massive amounts of pre consumer electronic waste as official e waste Lepawsky charts the minescapescapes productionscapescapes and clickscapes of electronics and the uneven discardscapescapes they produce Finally he considers both conventional and unconventional e waste solutions including decriminalizing export for reuse repair and upgrade enabling ethical trade in electronics reuse repair refurbishment and recycling implementing extended producer responsibility and instituting robust forms of public oversight **What a Tale My Thoughts Will Tell**
